## THE MONEY TREE'S FOURTH MAIL BID SALE

Our Autumn 1988 sale features the Craig Folkes library. Highlights include the John Adams Collection of 1794 large cents, deluxe editions of NASCA's Wayte Raymond sales and Bowers and Ruddy's Garrett, Clifford, and U S Gold (Eliasberg) collections; Kenneth Lee's deluxe copy of the Oscar Pearl collection of large cents, a deluxe edition of Ahwash's work on Seated Liberty dimes, a 1954 Farouk sale beautifully bound in leather, and numerous other deluxe editions of auction catalogues. Also featured individually are complete sets of Redbooks, Bluebooks, and Raymond Standard Guides. The rest of Craig's library can be characterized as important works in excellent condition.

Another consignment features scarce and important periodicals. New Netherlands Numisma complete, Numismatic Review, Coin Collector's Journal, Numismatic Gallery Monthly. Also included are many important sales of copper coinage, important small format Stack's sales, early Bowers literature, and important ANS literature.

Notable single works include are Griffith's Story of the American Bank Note Company, Gilbert's Trade and Currency in Early Oregon, Breen's Encyclopedia of ... Proof Coins, Stewart's 1924 First United States Mint, Vlack's first edition of A Catalogue of Early American Coins, and Criswell's North American Currency.

A special offering is a deluxe copy with photographic plates of Superior's upcoming auction of the Jack Robinson Collection of United States Half Cents and Large Cents. Despite the sale's not being held until January 1989, Superior has pledged one copy of the limited edition for this sale.

Other consignments have important literature for ancient, medieval, and world coinage - many infrequently available in the United States. The areas include scarce and important numismatic works on Korea, China, Czechoslovakia, India, Russia, Great Britain, the Moslem world, medieval European, ancient Greek, Roman, and Byzantine.

Finally, featured are an uncommon number of infrequently offered periodicals, both domestic and foreign.

We hope that you will find our new layout for this sale pleasing. We also believe this will make the extensive annotations easier to read. With the vast, seemingly never-ending, variety of numismatic literature it is all too easy to pass up a potentially important work because we are not aware of its significance, its contents, or even its existence. Also, because both of us get such enjoyment from numismatic literature, we just cannot pass up an opportunity to share things we find of interest. Our parenthetical asides are included gratis.

We really enjoyed putting this sale together; we hope you like it.

## TERMS OF SALE

1. This is a mail bid auction sale. All lots will be sold to the highest bidder. Bids will be treated as limits and lots will be purchased below the maximums (really!) where competition permits. Lots will be sold on the day indicated.
2. Seven (7) % state sales tax will be added to the cost of all lots delivered in Ohio.
3. Mail bid auction sales are not approval sales. No lot may be returned without written permission, and such permission must be requested within three (3) days after receipt of lots. By submitting your bids you agree to the Terms of Sale herewith set forth.
4. Bidders unknown to us must supply acceptable credit references or a 25% deposit to assure entry of their bids.
5. All postage, insurance, and shipping charges, however, will be added to invoices. There will be a 50 cent charge per lot for packing and processing.
6. Terms of sale are strictly cash in United States funds. Payment must be made immediately upon notification or upon receipt of material.
7. Lots to be mailed to addresses not in the United States or its Territories, will be sent only at the risk of the purchaser. When possible, insurance will be obtained; it must be noted, however, that adequate insurance is often not available by surface mail.
8. All books are as described. We acknowledge the possibility (sigh!) of errors and typographical mistakes, and any errors on our part will be cheerfully corrected. We cannot, however, be responsible for your errors; please check your bid sheet carefully.
9. Title to all lots remains with the cataloguer until paid for in full. We reserve the discretionary right to withhold delivery of lots until full payment has been received. We reserve the right to reject any bid from any bidder which we deem is not made in good faith. We reserve the right to reject any bid which, in our opinion, is ridiculous.
10. **THERE WILL BE A TEN (10) % BUYER'S FEE ADDED TO ALL LOTS.**

NCI is one of the certified grading services whose coins are listed in the new **Bluesheet**

19. Hancock, Virgil and Larry Spanbauer. **STANDARD CATALOG OF UNITED STATES ALTERED AND COUNTERFEIT COINS.** 1979. 8vo. Blue leatherette. 221 pp. Ills. Near Mint. (20.00)

20. Humphreys, Henry Noel. **THE COIN COLLECTOR'S MANUAL.** 1891. Two volumes. Brown cloth, gilt. 16mo. 726 pp. 11 plates. Rubbed at extremities, otherwise clean, sound VG. (25.00)

"The material herein appeared as a series of articles in *Coin World* by the author and they are printed herein in a sequence selected by Abe Kosoff to present the reader with an orderly presentation of numismatic history in the twentieth century." Kosoff's first person account of the intrigue surrounding the Farouk sale is compelling.

26. Macneil, Neil. **THE PRESIDENT'S MEDAL 1789-1977.** 1977. Tall 4to. Blue glossy CaC. 160 pp. Ills., some color. Glossy covers show rubbing and cornering, yet from the standpoint of actual wear, Near Mint. (15.00)

Despite the pricing being out of date, the date-by-date guide to rarity, strike, and surfaces make Miller the second best reference, exceeded only by his subsequent *Textbook*

29. Needleman, Saul B. (ed.). **PERSPECTIVES IN NUMISMATICS.** Studies Presented to the Chicago Coin Club. 1986. 12mo. CaC. 364 pp. Near Mint. Ills. (15.00)

The Chicago Coin Club has a rich heritage. In the European tradition of classical numismatics, prominent figures write papers to honor noteworthy numismatic occasions. 21 papers are offered here, authors such as Yeoman, Bowers, Sear, Lhotka, Newman, Doty, E. Clain-Stefanelli, and Gililand. Topics cover ancients, English merchant tokens, notgeld, U.S. copper and tokens.

30. Newman, Eric and Kenneth E. Bressett. **THE FANTASTIC 1804 DOLLAR.** 8vo. Tan cloth. 144 pp. Ills. VF. (15.00)

Too often taken for granted, an outstanding, readable reference.

31. **THE NUMISMATIST.** 1888-1893. Volumes I-VI. The 1963 reprint. 8vo. Red cloth, gilt. VF. (75.00)

This scarce reprint is infrequently offered. As there are probably fewer than 25 complete sets of the original first six volumes, most of them quite fragile [and rarely offered], this is the only opportunity for the collector to obtain a usable set. The copy in our second sale brought \$110.00 on heavy competition.

32. Raymond, Wayte. **STANDARD PREMIUM LIST OF ALL RARE UNITED STATES AND EARLY AMERICAN COINS.** (4 issues). 1932, second edition; 1934, third edition; 1936, fifth edition; 1939, seventh edition. Octavo. Tan CaC. (20.00)

Raymond's equivalent of the 'Bluebook' buying guides are decidedly scarcer than the usually seen card-covered Standard Price Lists. These are clean, sound copies except for occasional cover pencil marks, and owner's stamp. BUT, sadly, the 1932 edition is missing a quarter of the back cover, and has waterstaining for the last four pages.

33. Raymond, Wayte. **STANDARD PRICE LIST OF UNITED STATES COINS.** (5 issues). 1934 (titled **STANDARD CATALOGUE**), fifth edition; 1936, 8th ed.; 1939, 13th ed.; 1940, 14th ed.; 1949. The copies are sound and clean, but the 1934 copy has worn covers. (12.00)

34. Reed, Mort. **ODD AND CURIOUS....** 1979. Octavo. Hardbound. 127 pp. Ills. Near Mint. (12.00)

A useful reprint of the Reed's illustrated vignettes from COIN WORLD. Reed's subtitle - "A Compendium of Facts Relating to the Currency of the World which Clearly Show That Money Offers More than Mere Purchasing Power".

35. Scott & Co. **THE COIN COLLECTOR'S JOURNAL.** Illustrated. *Vol. I.* 1875-1876. Original blue

cloth, gilt. 208 pp. Ills. Spine faded and chipped at ends. Contents sound and Fine. (75.00)

Volume I was edited by Frossard (Proskoy edited it until its demise in 1888). Noteworthy articles on colonials of New England, Vermont, Connecticut, New Jersey, New York, Nova Constellatio, and Rosa Americanas. Also, English hammered coinage and Centennial medals. Reviews of significant coin sales: Cohen, Jewett, Haseltine's 'Centennial Sales', Strobridge's Parmelee (Brevoort) sale, and Cogan's June sale of important Candiana. A nice copy.

36. Sheldon, M.D., William H. with Dorothy I. Paschal and Walter Breen. **PENNY WHIMSY**. 1958. Octavo. Tan cloth, gilt. 339 pp. 51 plates. Covers lightly soiled and cornered, contents VF. (50.00)

Most everyone is familiar with this legendary reference. Perhaps the bibliophile may not be aware that the 9 page Chapter 3 is 'Review of the Principal Cent Literature', followed by a 2 page 'Bibliography'. Sheldon's comments are important for bibliophile and large-cent-ophile (?) alike.

37. Swiatek, Anthony. **THE WALKING LIBERTY HALF DOLLAR**. 1983. 8vo. CaC. 72 pp. VF. (12.00)

Primarily a date-by-date guide of mint state values, striking characteristics, and 'Investment' outlook.

38. Swiatek, Anthony and Walter Breen. **THE ENCYCLOPEDIA OF UNITED STATES SILVER & GOLD COMMEMORATIVE COINS 1892 TO 1954**. 1981. 4to. Black cloth (showing some easily removable chalk streaks), DJ. 362 pp. Extensively illustrated. Other than "chalk", near Mint. (25.00)

Not only the standard reference guide, but also a most readable history.

39. Thian, Raphael. **REGISTER OF THE CONFEDERATE DEBT**. 1972 Quarterman reprint of the 1880 original. 8vo. Gray boards. 190 pp. Charts. Fine. (15.00)

Includes a 29 page Introduction by Douglas Ball giving a living history of this incredibly rare volume of which only five originals are known. Most important.

40. Travers, Scott. (2 books). **RARE COIN INVESTMENT STRATEGY**. 1986. 8vo. Cloth and boards, gilt, dj. 136 pp. Near Mint. and **THE COIN COLLECTOR'S SURVIVAL MANUAL**. 1985. 8vo. Pictorial CaC. 198 pp. VF. (25.00)

This lot also includes **COLLECTOR/INVESTOR GUIDEBOOK AND INVENTORY**, by Sanford Durst, 1977, 'It is the opinion of the publisher [Durst] that paper dust jackets are ecologically wasteful'.

41. White, Weimar. **THE LIBERTY SEATED DOLLAR 1840-1873**. 1985. 8vo, CaC. 83 pp. VF. (12.00)

There is a distinct shortage of readily available information about Liberty Seated Dollars. White offers important date-by-date information: estimated survival, value, historical notes, and 'Investment' potential.

42. Wilson, Neill C. (2 books) **400 CALIFORNIA STREET**. 1964. 8vo. Blue cloth, gilt. 87 pp. Ills. AND **400 CALIFORNIA STREET. A Century Plus Five**. 1969. 8vo. Tan cloth, gilt. 106 pp. Ills. Both Near Mint (appropriately enough). (50.00)

'The Story of the Bank of California, National Association and its First 100 Years in the Financial Development of the Pacific Coast.' Both are master examples of the binder's art. Far from the usual, dry presentations of the genre, Wilson's style and use of pertinent, extensive illustrations is reminiscent of a Dave Bowers opus. Significant and scarce.

43. Ten Books about United States Coinage including 3 by Dave Bowers. **COLLECTING RARE COINS FOR PROFIT**, 1975 1st edition, 2 copies of **HIGH PROFITS FROM RARE COIN INVESTMENT**, 1977 and 1983, also The Foxes' 1982 Fight Inflation with **SILVER DOLLARS**, the remainder very basic guides. (15.00)

44. A Konvolut of 4 books. [1]. Index to the Numismatist 1888-1978, [2] Hanks, **The Comprehensive Catalog...of Modern Mexican Coins**, 1976, [3] Cox, **Coins from the Excavations at Curium, 1932-1953**, ANS NNM-145. [4] Yeoman, **Moneys of the Bible**. (20.00)

**FOLLOWING** is a grouping of Wayte Raymond's **THE STANDARD CATALOGUE OF UNITED STATES COINS....** Before the **REDBOOK**, this was the collector's major reference. It is quite an unusual opportunity to find such an extensive run. The 1954-55 edition is accompanied by something unusual. To save time in cataloguing, the formats for each edition are identical; each is octavo with cloth covers. Each is about 225 pages, profusely illustrated (rumor has it that many were cuttings from plated Chapman catalogues). Unless noted, these are sound with clean contents; the conditions are Fine or better.

45. Raymond, Wayte. **THE STANDARD CATALOGUE OF UNITED STATES COINS & CURRENCY, 1935 Edition**. 1934, First edition. Slight rubbing at extremities. Covers bright and clean. Covers VG, contents Fine. (50.00)

46. Raymond, Wayte. **THE STANDARD CATALOGUE OF UNITED STATES COINS & CURRENCY, 1936 edition.** 1935, 2nd edition. (45.00)

Covers bright and clean with the most insignificant wear. From pages 77 to 101 (commems and gold, there are pencilled check marks, and the pages are minutely pulled at the sewn binding). Still a Fine copy of a scarce edition.

47. Raymond, Wayte. **THE STANDARD CATALOGUE OF UNITED STATES COINS & CURRENCY, 1937.** 1936, 3rd edition. (35.00)

The covers essentially bright and clean. The endpapers are soiled with tape residue. Many prices pencilled in margin. The binding absolutely sound. Call the covers better than Fine, the contents VG.

48. Raymond, Wayte. **THE STANDARD CATALOGUE OF UNITED STATES COINS & CURRENCY, 1938.** 1937, 4th ed. (25.00)

The covers bright with occasional spotting. The contents like the above 2nd edition. Overall, a bright VG.

49. Raymond, Wayte. **THE STANDARD CATALOGUE OF UNITED STATES COINS AND CURRENCY [For you variety collectors, they began to spell out AND].** 1939. 1938, 5th ed. (40.00)

With dust jacket. The bad news: the purple covers show minute fading at the extreme top and bottom of the spine, the end papers are evenly faded from age. The good news: the contents are virtually pristine; the covers otherwise bright and clean. A superior example. VF.

50. Raymond, Wayte. **THE STANDARD CATALOGUE OF UNITED STATES COINS AND TOKENS, 1940.** 1939, 6th ed. (30.00)

Covers essentially bright and clean, gilt faded from spine. Other than typically faded end papers. Contents clean and binding perfect. The covers Fine, the contents VF. The 1940 to 1942 editions are the most in-demand of the series because of the 55 page section on Hard Times and Merchants' Tokens.

51. Raymond, Wayte. **THE STANDARD CATALOGUE OF UNITED STATES COINS AND TOKENS, 1941.** 1940, 7th ed. (40.00)

With DJ. But for the typically faded end papers, VF or better. The covers and gilt are pristine. The contents nearly mint, but for foxing on the first page. This is the nicest of the early editions we have seen.

52. Raymond, Wayte. **THE STANDARD CATALOGUE OF UNITED STATES COINS AND TOKENS, 1942.** 1941, 8th ed. (35.00)

The covers soiled and rubbed, the contents clean and bright, the binding sound. However, you ask, 'How can these biblio-goniffs estimate it at \$35.00?' Because, accompanying this lot is the elusive 1943 Supplement to the Standard Catalogue.... Due to the paper and manpower shortage in WW II, no separate 1943 catalogue was issued.

53. Raymond, Wayte. 3 books. **THE STANDARD CATALOGUE OF UNITED STATES COINS.** 1944 (Fine), 1945 (VF), 1946 (VG). (30.00)

The copies are all sound and essentially clean, but the inside back cover has pencil scribbling done either by an infant or a numismatist.

54. Raymond, Wayte. **THE STANDARD CATALOGUE OF UNITED STATES COINS, 1947.** 1946, 12 ed.. (15.00)

A VF copy in all respects.

55. Raymond, Wayte. 3 books. **THE STANDARD CATALOGUE OF UNITED STATES COINS.** 1949, 1950, 1951. (20.00)

These 13th to 15th editions have VG covers, with sound bindings and Fine or better contents. This lot includes also includes a heavily used 1953 with half a page cut out.

56. Raymond, Wayte. **THE STANDARD CATALOGUE OF UNITED STATES COINS 1954:55.** 1954. (30.00)

This lot consists of two books: a Fine copy of the usually found version, and a copy with a blank cover and blank contents. Apparently, the dummy was either a binder's proof or was sent out with a dust cover as a display copy. The cover, binding, and paper of both books are identical. Regardless, it is a curiosity. Mark Hoffman, the Mormon document forger, could have a field day with the dummy copy, maybe producing a Raymond with annotations by Sylvester Crosby and Lucretia Borgia.

57. Raymond, O.E. **THE STANDARD CATALOGUE OF UNITED STATES COINS, Eighteenth Edition.** 1957. (10.00)

After Wayte Raymond's death, this final edition, which was produced under the supervision of John Ford with research by Walter Breen (although Ford's and Breen's involvement with the Raymond book went back several years) is considered the most

valuable of the **STANDARD CATALOGUES** because of the important additional research and information contained herein. But for slightly faded covers, a VF copy.

## CONSIGNMENT FOLKES - THE AUCTION CATALOGUES

**NOTE:** In the following grouping are many deluxe and special edition auction catalogues, all in superb condition. The 19th century auction catalogues are all in relatively decent condition. They are complete and basically sound. They may have chipped covers and backstrips, with some minor fading; the wear is appropriate to catalogues over 100 years old.

58. American Art Galleries/Anderson Galleries, Inc. **COLLECTION OF THE LATE CHARLES P. SENTER: Rare Medals and Orders of Chivalry.** October 27, 1933. 8vo. 32 pp. 248 lots. 4 plates. Oversized covers chipped at overlap, contents VF. (35.00)

A most important offering early American historical medals featuring 15 medals presented to North American Indian chiefs, including the 1793 Washington oval medal by Richardson, and important Washingtonia with 3 'Season' silver medals. *ALSO* the 2 1970 Cardinal Spellman never-held-sales by Harmer Rooke.

59. 3 ANA SALES: Steve Ivy, 1980, Kagin's 1983 and 1986. sales. All large format. Only the 1983 sans PRL. All near Mint. (25.00)

These recent sales tended not to dispersed as freely as those earlier. NOTE: we have observed an uncommonly large number of waterstained 1980 Ivy ANA sales. This one is not.

60. Bangs, Merwin & Co. **GEORGE S. MERRITT and JOSEPH W. MAUTERSTOCK COLLECTIONS.** September 30, 1867. 20 pp. 560 lots. (25.00)

Adams/Attinelli: R-7 (4-12 known)

61. Bangs, Merwin & Co. **Catalogue of a Valuable Collection of Books.** June 17, 1874. 26 pp. 311 lots. (10.00)

62. Bangs & Co. Three sales of autographs. A). **THE ROBINSON COLLECTION OF AUTOGRAPHS.** June 17, 1883. 35 pp. 369 lots. B). **THE DUKE COLLECTION.** November 12-13, 1886. 54 pp. 1150 lots. C). **CATALOGUE OF WAR LETTERS OF LEADERS IN THE GREAT CIVIL WAR.** April 9, 1900. 35 pp. 349 lots. (20.00)

Despite not being directly numismatic, many of the historical figures are numismatically important. (For example, many of the figures actually used coins)

63. Bowers and Ruddy Galleries, Inc. **THE CELEBRATED JOHN W. ADAMS COLLECTION OF UNITED STATES LARGE CENTS OF THE YEAR 1794.** Quarto. Cream grained cloth, gilt. 134 pp. 75 lots. 2 glossy interleaved color photographic plates. Enlarged illustrations. Near Mint. (275.00)

**Special Limited Library Edition.** Copy 91 of 258 copies. Autographed by John W. Adams, Q. David Bowers, and Richard Bagg. 55 of the cents are census coins, with 5 *finest knowns* and there are 48 of 58 collectible Sheldon varieties. BUT, "Adams overriding purpose was to collect collectors. Using 1794 as a unifying theme, he was able to assemble specimens owned by virtually every large cent collector of consequence since the hobby began", such as Maris, Beckwith, Haseltine, and Parmelee. A superb reference source in a most desirable format. It should be noted that in the recent Kolbe Sale XXXVI, Abe Kosoff's copy (number 111) brought \$425.00.

64. Bowers and Ruddy Galleries, Inc. **THE GARRETT COLLECTION SALES. Parts 1-4.** 1979-1981. 4to. Four volumes complete. Black cloth, gilt. Near Mint. (175.00)

The special hardbound editions. For those who think that 'deluxe' or hardbound editions are an affectation, I have found them invaluable for reference. Traditional card-covered sales do not hold up to regular usage. The bound sales, rather than remaining shelfbound pseudo-museum pieces, are perfect for using.

65. Bowers and Ruddy Galleries, Inc. **THE HENRY H. CLIFFORD COLLECTION. COINS OF THE AMERICAN WEST.** March 18-20, 1982. Quarto. Black grained cloth, gilt. 2574 lots. Prl. bound in. 12 color plates. IIs. Near Mint. (125.00)

**Deluxe library Edition.** Do not confuse this with the recent B&M special editions. This scarce edition was not produced in quantity. Because the text is so extensive and comprehensive, Clifford's 475 lots comprise about two-thirds of the 217 pages of the catalogue. A veritable textbook for private and territorial Western numismatka.

66. Bowers and Ruddy Galleries, Inc. **THE U. S. GOLD COIN COLLECTION [LOUIS ELIASBERG].** October

27-29, 1982. 4to. Blue textured cloth, gilt. 334 pp. 1074 lots, Pr1. 44 full-color plates. Near Mint. (125.00)

**Deluxe Library Edition.** As above, another scarce limited edition. The importance of the sale obligates one who uses his catalogues to have this edition. Just imagine what the backstrip and binding of your softbound copy would look like with even moderate use

67. Bowers and Merena. **THE VIRGIL BRAND COLLECTION. PART I: AMERICAN COINS.** November 7, 1983. Quarto. Brown cloth, gilt. 120 pp. 943 lots, Pr1. bound in. 111s. Near Mint. (35.00)

**The special hardbound edition.** The sale, which brought \$1.8 million, offers extensive text and featured outstanding U. S. gold. An 1819 5D/50 brought \$55,000 (and was given 2 pages of text). Also featured were an 1829 \$5.00 on a large flan, an unique 1832 13 star proof \$5.00. The storied 1862 British Columbia \$10.00, to which 11 pages was devoted, brought \$88,000.

68. Bowers and Merena. **THE VIRGIL BRAND COLLECTION. PART II: AMERICAN COINS.** June 18, 1984. Quarto. Brown cloth, gilt. 212 pp. 1627 lots, Pr1. bound in. 111s. Near Mint. (35.00)

69. Bowers and Merena. **THE FREDERICK B. TAYLOR COLLECTION.** Quarto. Brown cloth, gilt. March 26-28, 1987. 317 pp. 3915 lots. 3 color plates. 111s. Near Mint. (65.00)

**The special hardbound edition.** Another of the modern sales destined to be a classic for its offerings and outstanding text. "...the finest collection [Warren Baker's] of blacksmith coppers offered for public sale and the finest collection ever assembled"; 130 lots extensively catalogued by Michael Oppenheim. ### FOLKES - Redbooks, Bluebooks, and Bibliophilic References

FOLLOWING is a complete set of **Redbooks**. Again to save time and space which will leave more room for annotations (heh-heh-heh), the formats and layouts are identical. Each is bound in red cloth, although the first 3 editions are bound in darker red cloth. The precise title is **A GUIDE BOOK OF UNITED STATES COINS**. The author is R.S. Yeoman [Did you know that his real (honestly) given cognomen is Yeo?] We will describe each book as precisely as possible as **Redbook** collectors have become quite condition conscious. A note on our grading and pricing of **Redbooks**. We'll tell you what the books look like, and give you our best estimate of their worth; we do not grade **Redbooks** differently from other numismatic literature.

114. Yeoman, R.S. **Redbook**. 1947, 1st ed. (150.00)

The gilt is bright, the covers clean but show some superficial scratches, the back cover shows indentations from being the bottom book in a stack which was bound with twine (on a Tuesday by a guy named Frank), the contents are clean, the binding absolutely sound. Fine.

115. Yeoman, R.S. **Redbook**. 1948, 2nd ed. (100.00)

But for some very minor (2 on a scale of 1 to 10) edge fading, a no-qualifier-needed VF copy: clean, sound, pretty.

116. Yeoman, R.S. **Redbook**. 1948, 2nd ed. (75.00)

The binding is tight. The contents clean. The covers show spotting and discoloration. Call the covers VG, the contents better than Fine. This is a decent copy.

117. Yeoman, R.S. **Redbook**. 1949, 3rd ed.. (50.00)

Good news: the contents are sound and clean, VG. Bad news: the covers don't show any fading because of the dirt and spots. There is also a neat 50 mm outlined circle of pink paint (Spred Satin "Honeymoon Heaven") on the back cover, from being used to keep the paint off someone's \$1.67 braided rug. An ugly, but structurally sound copy, of the "key" to the series.

118. Yeoman, R.S. **Redbook**. 1950, 4th ed. (85.00)

Nearly a twin to the nicer 2nd edition above. Slightly more edge fading, one insignificant break of "luster" on the cover. Okay, the covers are Fine, the contents near Mint.

119. Yeoman, R.S. **Redbook**. 1952-53, 5th ed. (125.00)

The finest fifth edition I have ever seen. I find the 5th edition tougher than the 3rd and therefore the toughest in the series because Myron had 5 mint copies (except for faded gilt) of the 3rd. The gilt is bright, the front cover is virtually pristine, the back cover has two one millimeter spots on the bottom edge where the cardboard shows through (perhaps as made, because the cloth appears punched out). The contents from end papers to the individual pages are pristine. The book looks super. A flat-out VF.

120. Yeoman, R.S. **Redbook**. 1953-54, 6th ed. (40.00)

The contents nearly mint, the binding perfect, the back cover shows significant water spotting, the front cover has a spot of discoloration from where a price label was removed. Briefly, but for waterspotting on back cover, a sound Fine.

121. Yeoman, R.S. 3 copies of the **Redbook**. 6th edition, 8th edition, 10th editions. (30.00)

The covers of all three are well-worn. The joints of the 6th and 8th are quite shaky. The contents of all three are complete, clean, and sound, but for some checkmarks in the 8th.

122. Yeoman, R.S. **Redbook**. 1955, 8th ed. (35.00)

Essentially a decent, clean copy. Contents loosening at rear joint, really minor wear on covers. VG. This lot also includes an unattractive 7th edition which is faded and barely attached at the joints. However, the book has reasonably clean contents, comes from a good home, and doesn't smoke.

123. Yeoman, R.S. 2 copies of the **Redbook** 9th and 10th editions. (35.00)

Both are Fine copies with no major defects and reasonable eye appeal.

124. Yeoman, R.S. 31 consecutive copies of the **Redbook** from the 1958, 11 edition to the 1988, 41st edition. (150.00)

The so-called 'short set' of **Redbooks**. Editions 11 through 15 are Fine or better. 16 through 22 are essentially VF or better, with the 18th ed. inscribed by Abner Kreisberg and Jerry Cohen. The remainder from the 23rd on are near Mint or better, although the 1980 shows a bit of discoloration, apparently as made. This grouping is defect-free and altogether a most satisfactory opportunity to obtain a worthy, complete set.

FOLLOWING is a complete set of **Bluebooks** listed as we did with the **Redbooks**, and for the same reasons (so there!). Except as noted, the formats and layouts are identical. Each is bound in blue cloth. The precise title is **HANDBOOK OF UNITED STATES COINS With Premium List**. For the first 13 editions, the listed authors are R.S. Yeoman, Lee F. Hewitt, and Charles E. Green. Afterward, Yeoman is the sole author. The grading and description of the books is as explained for the **Redbooks**.

125. Yeoman, Hewitt, and Green. **Bluebook**. 1942, 1st ed. (100.00)

A most pleasing copy. The covers are bright and clean but for one small spot; gilt bright, binding perfect, contents clean. The spine is faded with insignificant rub on the top and bottom of the spine. Early **Bluebooks** tend to be scarcer than early **Redbooks** because from 1942 to 1945 a significant number of collectors were on extended 'field trips'. The covers better than Fine, the contents better than VF.

126. Yeoman, Hewitt, and Green. **Bluebook**. 1943, 2nd ed. (75.00)

Another beauty. Covers bright and clean, bright gilt, binding perfect, contents clean and bright. Two really insignificant problems: unimportant rub at the top and bottom of the spine, and a minute spot of reverse edge rub. Covers Fine, contents better than VF.

127. Yeoman, Hewitt, and Green. **Bluebook**. 1943, 2nd ed. (37.00)

A copy nicely rebound in blue cloth over heavy boards. Three clippings taped in. But for a few pencilled names and numbers, the contents and new covers are each Fine. A neat filler or super research copy.

128. Yeoman, Hewitt, and Green. **Bluebook**. 1944, 3rd ed. (75.00)

A little gem. In our experience, the 3rd is the key to the series, especially so nice. The cloth is light blue. The covers and gilt are bright. The contents and binding flawless. VF.

129. Yeoman, Hewitt, and Green. **Bluebook**. 1945, 4th ed. (30.00)

Although there is a variant 4th edition with black covers, we find that the blue cloth (like this one) turns up as frequently. Good news: the contents are bright and clean, the binding is tight, it contains the bookplate of Charles M. Johnson. Bad news: the covers have major, unattractive spotting or streaking at the periphery. Without cover spotting, the covers would be called Fine, and we would estimate the book at \$50.00. With the spotting, no grade is applicable. The contents are better than VF.

130. Yeoman, Hewitt, and Green. **Bluebook**. 1946, 5th ed. (25.00)

Inscribed to Dr. Curtiss from C.E. Green, 10/22/46. The covers rubbed and show some soiling, (not readily visible on the dark blue cloth) but are sound. The binding absolutely tight. The contents VF.

131. Yeoman, Hewitt, and Green. 3 **Bluebooks**. 6th, 7th, and 8th eds. (25.00)

The covers are each rubbed and soiled. The 6th and 7th show significant waterstaining. The covers on the 8th show moderate wear. Still these all have sound bindings, and the contents are basically clean except as noted.

132. Yeoman, Hewitt, and Green. **Bluebook**. 1952, 9th ed. (20.00)

But for some really minor rub at the extremities, a nice copy. The covers are Fine. The contents VF.

133. Yeoman, Hewitt, and Green. 2 **Bluebooks**. 10th and 11th eds. (20.00)

The 10th would have covers that are nearly VF, but for heavy residue from removed tape on the spine. In all other respects VF. The 11th has ugly, faded, spotted, dirty covers, with weak joints, and clean contents.

134. Yeoman, Hewitt, and Green. **Bluebook**. 12th and 13th eds. (17.00)

The 12th: some superficial cover soiling and wear, covers nearly Fine; the contents VF. The 13th: Corners bumped at bottom, rubbed at edges, otherwise a nice, clean Fine copy.

135. Yeoman, R.S. 32 consecutive **Bluebooks**: 14th ed. (1957) to the 45th ed. (1988). (120.00)

The balance of the set. The 14th ed. was the first edited exclusively by Yeoman. With one exception, all the bindings are sound. The contents are all clean and VF or better. The covers as follows: the 14th to the 23rd are VG, 24 to 30 are Fine, the balance near Mint with a nearly pristine 1980. Remember: since 1983, they have been softbound.

## AN IMPORTANT OPPORTUNITY

Auctions of numismatic literature are not only exciting ways of acquiring new treasures for one's library. Also they are of inestimable importance as references for the bibliophile: as numismatic bibliographies, as reference sources, and as records of value with prices realized lists. Consequently, it is quite unusual to find any significant quantity of these invaluable references coming to auction; collectors just do not want to part with them.

We are pleased to offer a significant number of important sales from the last 10 years. Not only are most accompanied by PRLs, but they are almost all in nearly new condition. Because of the special nature of this offering, we are listing them in their own section. For anyone who wishes to acquire a reference library for numismatic literature, this is indeed a special opportunity.

136. **THE ASYLUM. Quarterly Journal of the Numismatic Bibliomania Society.** Volumes I-III complete in 10 issues: (Summer 1980 - Fall/Winter 1985). Near Mint. (35.00)

A 'must' for the numismatic bibliomaniac. Articles by Bowers, Breen, Champa, Kolbe, Collins, Adams, Gresham, Meghrig, Orosz, and a bunch of important others whom we have offended by not mentioning. Additionally, this lot includes 3 numismatic literature catalogues by John Bergman and one by Joe Lepczyk. [Hm, 'Quarterly Journal'. Five years. 10 issues. Amazingly, this makes complete sense to NBS members.] In all sincerity, all numismatic bibliomaniacs should belong to this lively, irreplaceable organization. Contact NBS, 4223 Iroquois Ave., Lakewood, CA 90713.

137. Bourne, Michael & Marlene. 4 large format sales of numismatic literature. 1). **MAIL BID SALE #1: Selected Duplicates from the ARMAND CHAMPA LIBRARY.** 9/10/81. 80 pp. 1125 lots, no PRL. 111s. 2). **FIXED PRICE LIST No. 1.** 11/20/81. np. 875 lots. Profusely illustrated. 3). **MAIL BID SALE No. 2.** 9/1/82. 73 pp. 1938 lots, no PRL. Well illustrated. 4). **FIXED PRICE LIST No. 3.** 3/83. 19 pp. 765 lots. Each is VF. (20.00)

The Bourne bairns produced a short series of impressive glossy catalogues, featuring important offerings. However, they are most important, and unparalleled, for their numerous illustrations of numismatic literature, the only opportunity many may have 'to see the book before they buy it'.

138. Durst, Lorraine S. **UNITED STATES AUCTION CATALOGS: A BIBLIOGRAPHY.** 1981. 4to. Hardbound. 87 pp. VF. (35.00)

Largely replaced by Gengerke and Adams, still of use for its indices, despite its occasionally Byzantine organization.

139. Durst, S. 6 small format mail bid sales of numismatic literature, each with PRLs. 1 & 2). **MAIL BID SALE #1** (2 copies). 12/27/78. 91 pp. 1285 lots. 3). **MAIL BID SALE #2.** 8/15/79. np. 1500 lots. 4). **MAIL BID SALE #7.** 5/17/82. 46 pp. 1553 lots. 5). **MAIL BID SALE #8** 56 pp. 1995 lots. 6). **MAIL BID SALE #9.** 57 pp. 2417 lots. VF to mint. (25.00)

There may be an occasional blank page due to printing error. Also included are four Durst retail list booklets from 1979-1981.

140. Kolbe, George Frederick. Fixed price catalogues IV and V. **IMPORTANT NUMISMATIC OFFERINGS.** Spring 1980. Large format. CaC. 31 pp. 175 lots. 10 plates. and **OLLA PODRIDA II: A Selection of Notable Books From Stock Arranged in No Particular Order.** [And that's the truth!]. Spring 1982. 282 lots and 16 quarto pages folded from one uncut sheet of paper [Georgell]. VF. (10.00)

The first offers significant and expensive works accompanied with extensive annotations. The second offers a slew (a technical literary term for the uninitiated) of equally important and expensive works.

141. Kolbe, George Frederick **CATALOGUE OF IMPORTANT NUMISMATIC BOOKS INCLUDING THE FINE NUMISMATIC LIBRARY OF THE LATE KENNETH W. LEE. IMPORTANT DUPLICATES FROM THE ARMAND CHAMPA LIBRARY....** June 12-13, 1981. Large 4to. White morocco, gilt. 120 pp. 1025 lots. 8 full color plates, 12 monochrome plates. Near Mint. (100.00)

- 8). SALE 17: 1984 C.O.I.N. 6/9/84. 55 pp. 650 lots, no PRL.

Mr. Kolbe's motto is QUALITY. If Frank Katzen is the godfather of numismatic literature dealers, George must surely be the standard to which all current numismatic literature dealers aspire. His catalogues and cataloguing represent the best in the field. Additionally, he is a gentleman and a professional in the best sense. Any large offering of Kolbe sales finds many seekers for their significant reference value. George, however, is not perfect; it is rumored that he has enjoyed our attempts at humor.

144. Kolbe, George Frederick. THE LESTER MERKIN LIBRARY. June 15, 1984. Octavo. Green pebbled cloth. 69 pp. 350 lots. PRL bound in. Near Mint. (50.00)

Copy 29 of 100 deluxe editions. A most impressive offering of American references, featuring a strong run of plated Chapman's and virtually all core American numismatic references. The sale features extensive and valuable textual commentary by Mr. Kolbe.

145. Kolbe, George Frederick. THE LESTER MERKIN LIBRARY. June 15, 1984. Octavo. Tan cloth. 69 pp. 350 lots with estimate sheet and PRL. Near Mint. (30.00)

Copy 367 of 975 numbered copies. Also included herein, and the above lot, is an annotated listing of all 31 Merkin sales [which I believe was prepared by Walter Breen].

146. Kolbe, George Frederick. PUBLIC AUCTION SALE XXI. June 4-5, 1985. Oblong quarto (George, do you know how difficult these are to shelve?). 89 pp. 1609 lots, no PRL. VF. (15.00)

A significant offering of American numismatic literature from the libraries of Abe Kosoff, Armand Champa, and Richard Picker.

147. Kolbe, George Frederick. IMPORTANT NUMISMATIC BOOKS. June 9-11, 1986. Oblong quarto. 97 pp. 2000 lots. VF (15.00)

Part I of the Michael Powells library. Part I of the Dr. F. F. Pipito library. Also selections from Col. R. F. Kriz and the library of the late Col. H. D. Davidson. Important offerings of numismat of ancient and world coinage, and numerous U. S. auction sales. NOTE: A Kolbe error catalogue; pages 84-85 and 88-89 are blank.

148. Kolbe, George Frederick and Munzgalerie Basel. IMPORTANT NUMISMATIC LIBRARY. February 25-26, 1987. Large format. Gray CaC. 149 pp. 2935 lots. Nearly new. (20.00)

This sale of the library of Galerie des Monnaies, especially useful due to its extensive indices and glossary, is already the standard reference in English for numismatic literature of ancients, medieval, and non-U.S. coinage. The sale realized \$330,000, the largest ever for any sale of numismatic literature.

149. Kolbe, George Frederick. THE NUMISMATIC BOOKSELLER. Volumes 1-4 complete, also the Spring 1988 Quarterly. The first 16 copies issued from January 1984. The first 14 folio sized self-covered, the last 2 quarto. VF (50.00)

Primarily fixed price lists and mail bid sales of numismatic literature, THE NUMISMATIC BOOKSELLER also contains George's observations and comments. The latter issues are mail bid sales, and include consignments from Kosoff estate, Kriz, Sonderman, and Picker. Again, an invaluable source of information.

150. Kolbe, George Frederick/Spink & Son, Ltd. The first six combined sales held as part of the New York International Coin Show. 1). FIRST JOINT PUBLIC AUCTION SALE. 12/12/82. 60 pp. 579 lots, no PRL. 2). SECOND JOINT AUCTION. 12/11/83. 45 pp. 425 lots, no PRL. 3). THIRD JOINT AUCTION SALE. 12/2/84. 62 pp. 732 lots. 4). FOURTH JOINT PUBLIC AUCTION SALE. 12/1/85. 37 pp. 450 lots. 2 plates. 5). FIFTH JOINT PUBLIC AUCTION SALE. 12/14/86. 44 pp. 500 lots. 6). SIXTH JOINT PUBLIC AUCTION SALE. 12/13/87. 51 pp. 513 lots. VF to Mint. (75.00)

These combined sales offer quality numismatic literature, most lots bring more than \$100.00.. Obviously, literature about ancients and world coinage comprise an important part of these sales, but significant offerings of U. S. abound.

151. Wilson, Cal. 15 of the first 16 sales, missing only sale 13, the San Jose Sale. All have Prices Realized. Sales 3, 4, 5, 7, and 10 are large format, the remainder small format. The sales date from December 8, 1981 (Mail Bid Sale No. 1) to November 28, 1987 (Mail Bid Sale 16). Conditions are VF or better. (100.00)

Cal's sales are especially strong in American numismatic literature. He offers extensive annotations which prove invaluable, especially for nineteenth century American numismatic books and auction sales. Cal, George Kolbe, and Frank Katzen are indeed the "Big Three".

152. Wilson, Cal. WILSON'S NUMISMATIC REPOSITORY. 18 of the first 20 issues, missing only Vol 3, No.

4 (7/85) and Volume 4, No. 1 (1-2/86). Conditions average VF to Mint, except for Volume 1, No. 1 which has some peripheral bending. (75.00)

Aptly subtitled 'DEVOTED TO THE PURSUIT & ENJOYMENT OF NUMISMATIC LITERATURE', Cal's house organ is a flat-out gem. Beginning in October 1982, these quarto issues (except for the first which is octavo) tend to run 12 pages of lively information and correspondence from and between Cal and such notables as Armand Champa, Walter Breen, John Adams, and Remy Bourne. There are countless vignettes, biographies, and inside stories. Perhaps none is so riveting as Cal's recounting of Armand Champa's pursuit of the elusive 'Thian'. Numismatic bibliomaniacs cherish these issues, another example of value far exceeding price.

153. Wilson, Cal. 7 fixed price lists from number 2 to number 8. The first 5 octavo, the last two are individual sheets of paper. Average VF. (20.00)

FPL #2 is unnumbered and undated. FPL #3 was dated January 1981, FPL #8 is dated December 1984.

An important run of this most useful, infrequently offered, journal

160. Kagin, Donald H. **PRIVATE GOLD COINS AND PATTERNS OF THE UNITED STATES**. 1981. 4to. Black cloth, gilt, dj. 406 pp. Ills. VF. (22.00)

Essentially what was Kagin's doctoral thesis is now the standard reference.

161. Pennington, James. **THE CURRENCY OF THE BRITISH COLONIES**. 1967 Kelley reprint of the 1848 original. 247 pp. Fine. (20.00)

An historical record of the legislation, establishment, and value of British Colonial coinage, by colony. The cited documents are extremely useful.

164. Taxay, Don. **AN ILLUSTRATED HISTORY OF U.S. COMMEMORATIVE COINAGE**. 1967. 4to. Cloth. 256 pp. Ills. Fine. (20.00)

An especially elusive reference in the series. Taxay's tome is an historical, but most readable, record, of the genesis of each issue. Much original research.

165. Taxay, Don. **SCOTT'S COMPREHENSIVE CATALOGUE AND ENCYCLOPEDIA OF U.S. COINS**. 1971 . 1970. 8vo. Cloth, dj. 400 pp. Ills. Fine. (20.00)

Important. Taxay's research and scholarship is invaluable for all series. Of note is the information on colonials, patterns, and seated coinage.

166. Troxell, Hyla. **THE COINAGE OF THE LYCIAN LEAGUE**. 1982. 8vo. Cloth. 255 pp. 44 pls. Nearly VF. (30.00)

167. Yeoman, R.S. 2 copies of the **Redbook** 8th and 10th editions. (35.00)

The 8th has bright clean covers BUT there are some spots of pink paint on the front cover and a streak of the paint on the back cover. The contents are bright and clean. The best way to describe the 8th is VF with paint on covers (a handy-man special?). The 10th also has bright and clean covers, but for some residue from a paper label. Other than some minor spotting on the top page edges, the contents are virtually mint. The 10th has Fine covers with VF contents. ALSO in this lot are 10 used **Redbooks** from 1961 to 1974.

168. Yeoman, Hewitt, and Green. **Bluebook**. 1942, 1st ed. (95.00)

An attractive copy. The covers are absolutely bright and clean but show minor bumping at the bottom corner of the front cover where the cover overhangs the contents; gilt bright, blinding shows the most minor weakness, contents clean, but name written on free endpaper. Insignificant rub on the top and bottom of the spine. Despite the listed shortcomings, a nearly VF copy..

## THE AUCTION CATALOGUES

171. Almanzar s. **The Remainder of the JOSE T(ORIBIO) MEDINA Collection of Worldwide Coinage**. Parts I (8/31/70) & II (4/12/71). PrIs for both. Covers soiled, contents Fine. (25.00)

The most in-demand of Almanzar's sales (in fact, these were Almanzar's first 2 sales). The legendary Chilean author and collector (1852-1930) specialized in 'Las Medallas de Jura' of the Kings of Spain, which he wrote and of which he had the definitive collection. His other specialty was European coins connected with the conquest of the Americas and the intercontinental wars. The first Medina sale was conducted by Hans Schulman in 1968 (a copy of which we have included herein unbeknownst to the consignor because we are nice guys and snappy dressers). Important.

172. Almanzar s. **The KING FAROUK Collection of Latin American Banknotes**. (Two volumes)) August 21-23, 1972 4to. CaC 204 pp. 3405 lots, PrI. 54 pls. Nearly VF. (25.00)

Volume I is the 'Farouk' volume. The Latin American banknote collection was purchased in the 1954 Farouk sale by Robert Schermerhorn. It was purchased from his estate by Thomas Bain of Dallas. Volume II features the Medina collection of 89 Admiral Vernon medals, 34 illustrated in his book (Medina's personal copy was lot 1624A). Important.

173. Almanzar's. **10th Anniversary Action Sale**. September 8, 1971. 156 pp. 5120 lots, PrI. Ills. (20.00)

A scarce sale, but someone (either a child or a coin grader) scribbled in crayon on four pages. To assuage the damage this lot also contains the scarce two-volume Almanzar sale of 7/18/75: 117 pp. 4426 lots, PrI. 91 page plate volume. VF. Nearly 10,000 total lots here

174. Almanzar s. **8 Sales Featuring Selections from the CASTILLO Collection of Hispanic American Coinage**. 6 w/PrIs. VF. (25.00)

Sales 32, 35-41. A valuable konvolut of information about Hispanic American coinage; much of the information in the

extensive annotations is not elsewhere readily available. This lot also includes Sale #11, 12/1/76, featuring Myron's favorite coin, the Coquilmo (Chile 1828) Peso. These come to auction less than a Brasher Doubloon or a 1979 SBA dollar in VF.

175. AUCTION '79. July 26-27, 1979 (when else?). 469 pp. 2000 lots. 52 pls. Nearly VF. (15.00)

The 'Apostrophe Sales' have generally set the tone for the ANA and for the balance of the year. Each company attempts to use their 500 allotted lots most selectively by offering the rare, the expensive, and the prestigious. Example, this inaugural 'Apostrophe Sale' featured a Brasher Doubloon.

FOLLOWING is a nearly complete run of Bowers and Ruddy sales, from sale 4 (Rothert) to Sale 54 (Springfield II), missing only sale 12 (Dundee). The PRLs are all originals, not copies. To avoid repetition, the sales are all large format, with glossy card covers, and profusely illustrated. NOTE: the covers of some B&R sales may exhibit apparent wear, which is in fact the way they were printed. Also, some may have imperfect backstrips or spines due to original shipping and handling. For example, although neither is offered here, try to find a Clifford or Eliasberg gold sale with a perfect spine, which all seem to need chiropractors.

176. Bowers and Ruddy. **THE MAGNIFICENT STANISLAW HERSTAL COLLECTION.** February 7-9, 1974. 180 pp. 2226 lots, PrL. Near Mint. (40.00)

The most asked-for B&R sale. Features Herstal's Polish: 515 lots in 43 well-catalogued pages. Overlooked highlights: a choice 1893-S Morgan brought \$20,000, 1795 Jefferson head cent for the EAC'ers, 1884 Trade dollar, 1841 \$2.50, 1802 half dime, 1804 dollar at \$165,000 fixed price. Important.

177. Bowers and Ruddy. **THE C.W. KRUGJOHANN SALE.** May 14, 1976. 100 pp. 1585 lots, PrL. VF. (15.00)

A scarce sale. Features 43 good large cents, good bust dollars, 1737 Hgley 3d w/'valve' (one of three known) with 2 pages of text, North Wales halfpenny (8 known).

178. Bowers and Ruddy. **THE GETTY COLLECTION.** May 5-6, 1977. 96 pp. 1971 lots, PrL. 4 color pls. Bumped corner, o/w VF. (15.00)

In demand. Why? Perhaps it has something to do with the 407 lots of attributed bust halves (1807-1836) 'the finest we have ever encountered'. Also 1787 New York 'Indian' copper, 20 lots of Bechtler gold, the unique 1794 dollar in copper with extensive text.

179. Bowers and Ruddy. **THE FAIRFIELD COLLECTION.** October 6-8, 1977. 176 pp. 2724 lots, PrL. 14 color pls. Fine. (20.00)

Most important for the well-catalogued, provenanced large cents: most of the Sheldon dates ex-Richard Wright with the superb Newcomb dates from Jack Collins (Jack, we're not going to mention that you really are a noted bibliophile, cataloguer, photographer, and bon vivant). Also, 58 pattern dollars, 106 S.L. dollars, 250 \$2.50s.

180. Bowers and Ruddy. **ROY HARTE COLLECTION.** November 16, 1977. 128 pp. 3272 lots, PrL. VF. (12.00)

Scarce. 1792 Birch cent, Harte's collection of 1873 coinage.

181. Bowers and Ruddy. **THE GARRETT COLLECTION, Parts I-IV.** 1979-1981. Softbound copies. Fine and better. (35.00)

According to R. Scott Rubin (numismatist, scholar, and bibliophile), the sale that started the modern golden age of numismatics.

182. Bowers and Ruddy. **The remaining B & R SALES from #4-54, missing only #12.** 40 sales. (175.00)

A complete run except for those listed above and no Dundee sale, #12. Major sales: Rothert, Turoff, Austin, Paxman (loved his videogame), Newport, Willing, Stafford, Turoff, Brangan/ANA '78, Sleck/ANA 81. 26 with original PrLs. Fine or better, averaging VF. A veritable numismatic smorgasbord.

183. Bowers and Ruddy. **RARE COIN REVIEWS 18-23 and 24A.** Averaging VF. (35.00)

The RCRs before #25 are especially worthwhile and elusive as a group. The foreign was catalogued by Karl Stephens. #24-A is all foreign and a valued, sought-after reference. This lot also includes 2 copies each of RCRs 62-65.

184. Bowers, Q.D. (ed.) **AN INSIDE VIEW OF THE COIN HOBBY IN THE 1930s: The Walter P. Nichols File.** 1985. 4to. CaC. 144 pp. Fine. (12.00)

Nichols, 1889-1941, (former ANA governor) correspondence with major numismatic figures: Bolender, Boyd, Kosoff, Hoffecker, Mehl, Chapman. 'Behind the scenes' in the coin business, especially the 'commem controversies'. Neat reading from QDB.

185. Bowers and Ruddy. **COINS OF ENGLAND.** 1976. 16 pp. Ills. (10.00)

In the format of the 'Special Coin Letter'. 'the largest selection of British coins offered in this country in many years'. Includes nice English and Scottish hammered. Listed separately for the B&R collectors.

186. Christensen, Henry, Inc. 43 Sales from 1969-1985. 31 w/Pris. The small format sales average Fine, the large format, VF. (125.00)

The important first edition. The covers are bright and sound, except as noted. The end papers show discoloring. A few scattered pencil checks inside. Still this is a most satisfactory, sound copy.

247. U.S. Treasury Department. (2 years) ANNUAL REPORT OF THE DIRECTOR OF THE MINT [Fiscal Year Ended June 30, 1923 and June 30, 1930. Octavo. CaC. Ex-Library. Covers shabby, contents Fine. (8.00)

These reports for these three years are particularly important documentary numismatic references: the coin 'shortage', the Kennedy half, clad coinage. These not only have extensive charts and tables, but also contain the text of Congressional hearings involving the above issues.

Following are especially useful Stack's sales. Many of these are particularly elusive, especially in such outstanding condition - VF or better, unless noted.

250. Stack's. THE F. S. GUGGENHEIMER COLLECTION. January 22-24, 1953. 72 pp. 1342 lots w/Pri. Ills. (15.00)

An offering of grand rarities: 1827 proof quarter, 1894-S dime, 1876-CC 20c, 1838-O half. Also of note is the Hutchinson currency collection, not to mention the 100 hundred ducal coins from Hungary and Poland.

251. Stack's. [JOSEPH SAWICKI COLLECTION OF LARGE CENTS]. February 27, 1954. 32 pp. 969 lots w/Pri. 3 plates of large cents. (25.00)

This particularly elusive small format sale features 180 of Sawicki's large cents, mostly Newcomb dates. The well-provenanced cents also offer useful text.

252. Stack's. **THE ANDERSON DUPONT CATALOGUE, Part I: Large Cents.** September 24-25, 1954. 92 pp. 1028 lots w/Pr1. 11 page plate supplement. (45.00)

The sale is noteworthy for a variety of reasons. Dr. Sheldon and Walter Breen catalogued this legendary sale; obviously the extensive text is of highest importance. The offerings include 524 'Sheldon' dates: 24 1793s, 75 1794s, 70 1803s, and a 1795 'Jefferson head'. For a seminar in large cents, just sit down with a copy of Sheldon's Early American Cents, this catalogue, and you will be enthralled. This particular catalogue is in unusually good condition. Anderson Dupont is the name of a New England antique firm, not the name of the original collector, whose name has never been released. The full story of this remarkable collection has yet to be told, 34 years afterwards.

253. Stack's. **SAMUEL W. WOLFSON COLLECTION OF UNITED STATES COINS, Part II: Silver and Copper Coins.** May 3-4, 1963. 99 pp. 1541 lots w/Pr1. 11ls. (15.00)

Nice group of half cents with 11 proofs including an 1841 original. Highlights include excellent half dimes and dimes, 1827 quarter, 1876-CC 20c, 1884 Trade Dollar and the Coulton-Davis 1804 dollar.

254. Stack's. **[WILLIAM VAN RODEN COLLECTION OF LARGE CENTS].** May 2, 1968. 134 pp. 1734 lots w/Pr1. 11ls. (12.00)

Highlights include 221 large cents with 100 Sheldon dates, 100 lots of colonials, 65 nice half cents, 500 lots of U.S. gold.

255. Stack's. **GASTON DI BELLO COLLECTION, Part II: United States Gold, Silver & Copper Coins & Patterns.** May 14-16, 1970. 150 pp. 1430 lots. 11ls. (15.00)

Highlights: 260 patterns featuring Amazonian, 'Washiady', and 'Schoolgirl' dollars; 36 patterns of gold coinage; 15 1877 halves. Also a BU 1792 half dime, good bust and Gobrecht dollars, and absolutely incredible gold with virtually all the rarities. Finally, 40 lots of most important, well-catalogued territorial gold.

256. Stack's. 2 sales **MASSACHUSETTS HISTORICAL SOCIETY.** March 29-31, 1973. 112 pp. 1204 lots w/Pr1. 4 plates & 11ls. **AND PUBLIC AUCTION SALE.** December 3-4, 1971. 76 pp. 940 lots w/Pr1. 4 plates of colonials, also 11ls. (15.00)

The M.H.S., a vastly underappreciated sale, offers 105 colonials, many incredible; the Clinton cent is the Redbook plate coin; 1786 Nova Constellatio is the Crosby plate coin. Also, well catalogued states coinage, 2 Sommer Islands, 1739 Higley. The second sale offers the 1717 'pre-patent' pattern half cent and cent, and 33 NJ coppers, and good states coinage.

257. Stack's. **ROBERT J. KISSNER COLLECTION OF U. S. LARGE CENTS.** June 27-28, 1975. 91 pp. 1041 lots. 10 plates. (15.00)

Another underappreciated sale. Kissner's 213 'Sheldon' cents comprise 7 plates and include 60 1794s. The sale also has 130 (well-attributed and with good text) New Jersey coppers, the most offered since the Spiro collection.

258. Stack's. **The Outstanding TAD COLLECTION OF U. S. LARGE CENTS.** February 4-6, 1976. 127 pp. 1471 lots. 11ls. (15.00)

C. Douglas Smith catalogued this important collection of cents which has important text and impressive provenances. There are 199 large cents of which 85 are Sheldon dates. "The great majority [of cents], including the significant rarities, are in such a splendid state of preservation that they have a hypnotic quality all their own." Additionally, there are 105 lots of attributed Overton halves.

259. Stack's. 2 sales. **THE HAROLD S. BAREFORD COLLECTION OF UNITED STATES AND ENGLISH COINS.** October 22-23, 1981. 168 pp. 626 lots w/Pr1. 7 color plates, also 11ls. **AND THE ROBISON COLLECTION OF UNITED STATES GOLD COINS.** February 2-3, 1979. 113 pp. 1042 lots. 8 color plates. Each sale has discoloration or minor graffiti on back cover. (10.00)

The superb, but vastly underappreciated, Bareford collection is destined to be a classic: provenanced Connecticut coppers, 102 superb provenanced half dimes, 54 equally superb bust dimes catalogued by Allen Lovejoy, exceptional bust halves and dollars, and excellent patterns. For the British specialist there are 43 hammered pennies with impressive text and 34 superb Civil War issues. The Robison collection features significant nineteenth century examples in the \$2.50 to \$10.00 series, such as an 1841 \$2.50.

260. Stack's. 2 sales. **THE FLOYD T. STARR COLLECTION OF UNITED STATES LARGE CENTS & UNITED STATES HALF CENTS.** June 13-14, 1984. 156 pp. 930 lots. 8 color plates. **AND [...THE FLOYD T. STARR COLLECTION - PART II].** December 4-6, 1984. 214 pp. 1988 lots. 7 color plates (1 of large cents) & 11ls. (20.00)

This collection is one of the stellar (1) large cent sales. For accuracy's sake, Part I has a dent at the bottom of the backstrip.

261. Stack's. **THE MAGNIFICENT HERMAN HALPERN COLLECTION OF UNITED STATES LARGE CENTS.** March 16-17, 1988. 244 pp. 774 lots. 8 color plates & 11ls. (15.00)

The latest entry in the 'Decade of the Legendary Large Cent Sales'. The 'Sale of the 1950's' was the Anderson-Dupont. The 80's have brought us the Van Cleave, the Robinson Brown, the Starr, and the Halpern, in response to those who said there were no more great collections.

## CONSIGNMENT CINCINNATI

262. **THE COIN DEALER NEWSLETTER (The Graysheet).** 65 of 66 issues from February 23, 1973 to May 31, 1974. VF. (35.00)

The pre-1975 issues tend to be rather elusive. Absolutely fascinating for the numismatic historian, essential for the researcher. Example: In the 2/23/73 issue there is no, not one, none, nada, nyet, mention of any numerical grade, merely 'unc' and 'Gem BU'. Yet, by the 5/31/74 issue, 'Gem MS-70 pieces bring higher prices.' What was an MS-70 in 1974? In 1988? Do you really believe 1988 grading will be the standard in 15 years, 10 years, 5 years, next Thursday? Caveat your basic emptor.

263. Davenport, John S. **GERMAN TALERS SINCE 1800.** 1949. 8vo. Gray cloth. 205 pp. Ills. Fine. (15.00)

265. Fox, Les and Sue. **SILVER DOLLAR FORTUNE TELLING.** 1977, 1st edition. 4to. Glossy CaC. 187 pp. Ills. Covers Fine, contents VF. (15.00)

The first edition, which happens to be in large format, is rather elusive. Interesting for the price projections to 1987. This lot also includes the Foxes' **Fight Inflation with Silver Dollars**, 1982 edition, and George Hayling's **The Profit March of the Buffalos & Indians from 1935-1970**.

266. Hager, Alan. **THE ACCUGRADE SYSTEM. Volume 1: A Comprehensive Guide to Morgan and Peace Dollars in Accugrade "Uncirculated".** 1984. 4to. Padded black cloth. 550 pp. Ills. Near Mint. (50.00)

270. Kraus, Franz Ferdinand (Braunschweig). **VERSTEIGERUNGSKATALOG [Ed. do they play Scrabble by the same rules in Germany?] Nr. 1.** 4to. June 30-July 1, 1924. 56 pp. 692 lots. 12 fine plates printed on cardboard. Covers crudely retaped, disbound but present; the contents Fine. (20.00)

Rough translation, 'Coins and Medals from Braunschweig (Brunswick) and New Saxony'. A neat collection from 16th century onward with multiple (?) multiple talers; great stuff. A scarce sale.

271. Monnaies et Medailles (Basel). **VENTE PUBLIQUE XXVII. MONNAIES ITALIENNES.** November 15-16, 1963. 4to. CaC. np (70). 984 lots, estimate sheet. 67 pls. A slight split in backstrip, still virtually VF. (20.00)

An especially desirable sale as quality references for Italian states coinage is always in major demand due to its scarcity. Absolutely superb medieval Italian states. This firm, also called Munzen und Medailen when the catalogues are printed in German, is a major European auction house. Do not be put off by any language barrier in a well-catalogued sale. Easy to follow, well-attributed with an excellent bibliography.

272. Monnaies et Medailles (Basel). **VENTE PUBLIQUE 66. MONNAIES GRECQUES ET ROMAINES.**

MONNAIES ANTIQUES DE LA CRETE. October 22-23, 1984. 4to. CaC. 104 pp. 886 lots, estimate sheet. 58 glossy pls. VF. (15.00)

Again, easy to follow, well-catalogued, with a superb offering of coinage of Crete, 200 lots of Roman republican, 300 lots of Roman imperial. The quality of the offerings in important European sales is infrequently offered stateside. This lot also includes a small 1973 Sotheby (London) sale of South African coins.

273. Munzen und Medaillen (Basel). AUKTION 71. May 18-19, 1987. 4to. CaC. 144 pp. 1833 lots. 100 pls. Near Mint. (25.00)

800 Important lots of well-catalogued, easy-to-follow Swiss cantonal. Also, excellent 15th to 17th century Bavarian, Swabian (Schwaben), and French. For the collector of pre-Krause European, these catalogues are invaluable. Also 3 large format sales 15-17 from Auctores (Basel) 1985 to 1988. Again, good ancients, medieval, and foreign.

274. Raymond, Wayne. COINS OF THE WORLD, Nineteenth Century Issues. 1947, first edition. Svo. Blue cloth. 252 pp. Ills. Vals. Faded at spine, covers VG, contents near VF. (15.00)

This edition is in-demand by collectors of the series. Historically, this was the first widely available 19th century foreign reference since the Scott series 1900-ish. The forerunner of Krause and Yeoman. A nice sound copy. This lot also includes Mort Reed's Cowles Complete Encyclopedia of U.S. Coins, 1969.

275. Rosenberg, Sally (Frankfurt). VERSTEIGERUNGS-KATALOG 65. November 12, 1928. 4to. CaC. 171 pp. 3180 lots. Prl. 19 fine plates. Covers soiled, small corner torn off, cloth tape on backstrip, contents Fine. (25.00)

C-S 6992-6993. The English language summary makes these Czechoslovakian references on medievales absolutely problem-free. The three volumes cover from the 10th to 12th centuries. Each of the 1015 coins is fully illustrated (woodcuts) on both sides, fully identified, and indexed. Superior references on medievales are quite elusive.

In the style of **ANS Museum Notes** or the **RNS Numismatic Chronicle**, each annual contains about 10 scholarly monographs, well-plated. Apparently, (I seem to have forgotten how to read Czech.) ancients, medievls, and hoards are the prime topics. There is an occasional monograph written in French and Russian. Each annual is hardbound, averages 275 pages, and 10 glossy plates.

308. Pick, Albert und Kurt Jaeger. **DIE MUNZEN UND BANKNOTEN DER TSCHESCHOSLOWAKEI**. 1970. 12mo, pictorial boards. 96 pp. Ills. Vals. Mintages. Near Mint. (10.00)

Corresponds to the **NUMISMATIC CHRONICLE** and **NUMISMATICKY SBORNIK**. The articles are in French, German, and English (Michael O'Hara on Byzantine coinage, Andrew Burnett on Syracusan, Cornelius Vermeule on Aboukir medallions). C-S 13645\*. "Comprehensive study on various forms of wampum, foreign coins, paper money, counterfeited by the British or local people". Eagerly sought and of obvious importance for the collector of early American coinage. Reads like a novel, but still a serious work.

313. Shibusawa, Baron Eiichi. **REPORT ON CURRENCY ADJUSTMENT IN KOREA**. 1909. 4to, green cloth, gilt. 116 pp. Charts. Maps. 5 plates. Covers a bit rubbed, VG. (85.00)

Bowker 735. A neat history of Korean currency. Due to its archaic and anarchic currency system, Shibusawa's Japanese company was hired by the Koreans to resolve the problem. This work, in English, is a comprehensive, well-organized study (of significant numismatic value) of Korean coinage from the 9th century to 1908, covering the 'yopchon' and nickel problem internally and in trade, the issuing of banknotes, the 'new' coinage, and the history of Japanese coinage in Korea. The plates are of old and new Korean currency. Although the book appears concavely bowed, it is the result of the folding charts and maps. English language works on Korean coinage are distinctly elusive; this is a sound copy of a rare work.

314. **TAMS JOURNAL**. Official Organ of the Token and Medal Society. 1980 to 1984 (Volumes 20-24),

The complete Herschell Commission report (with documents and testimony) on the coinage of silver in India. Because of a major Indian crisis caused by the severe devaluation of silver prices vis-a-vis gold, India wished to go onto the gold standard. Although seemingly exclusively a British problem, the International (Berlin Economic Conference) and U.S. implications of the bi-metallism debate and the subsequent Bryan ('Cross-of-gold')-McKinley election made this critical. For researchers, the superb index is invaluable.

317. Wei, Wen Pin. **THE CURRENCY PROBLEM IN CHINA.** 1914. 8vo, CaC. 156 pp. Ills. Uncut and unopened, edges chipped, else Fine. (30.00)

**UNITED STATES COINS:** 10 chapters, such as 'Background of American Coinage', 'Large and Small cents', 'Regular Issue Silver and Copper Coins', 'Mint Engravers and Dies'. **ANCIENT AND MEDIEVAL COINS:** the extracts are superior. **MODERN FOREIGN CURRENCY:** divided into 11 chapters by country, this generally misinterpreted volume title is actually about foreign coinage. **UNITED STATES PAPER MONEY AND MISCELLANEOUS:** poorly titled, the 'Miscellaneous' also covers colonials, private and territorial gold, tokens, coin designs, and medals. These volumes are a wonderful numismatic survey. Vastly underappreciated, becoming elusive complete.

322. Bluestone, Barney. **Thirty-Seventh Catalogue.** February 5, 1938. 12mo, CaC. 47 pp. 1276 lots. Bottom 18.35% dampstained, else nearly Fine. (12.00)

Produced in the Bowers style as an adjunct to the sale of United States Gold Coins, the Eliasberg collection. While other references may give facts, this readable tome gives unequalled understanding and perspective.

324. Bowers, Q. David. **ADVENTURES IN RARE COINS.** 1979. 4to, pictorial cloth. 305 pp. Ills. Near Mint. (15.00)

A superior, unique overview of American numismatics. John Ford's 'Introduction' about his early days in numismatics is worth alone the price of admission. The profusely illustrated chapters cover numismatic's early days, the gold rush, silver dollars and their role in collecting, and strange happenings at the mint. Good stuff.

325. Breen, Walter. **WALTER BREEN'S COMPLETE ENCYCLOPEDIA OF U.S. AND COLONIAL COINS.** 1988. 4to, black cloth, gilt. 754 pp. Ills. Mint. (60.00)

Also includes the infrequently mentioned Alaska and state gold: Idaho, Montana, Nevada, Oregon, Wash, Louisiana, British Columbia (while not technically a state, since a coin dealer bought Wayne Gretzky, anything Canadian is for sale).

327. Canada Coin Exchange (James E. Charlton). **6 CANADIAN NUMISMATIC ASSOCIATION SALES From 1960 to 1968.** Small format, CaC. Fine & better. (35.00)

The first three sales are particularly nice.

Do yourself a favor when all the numis-nonsense gets you down; sit down one evening with this, and enjoy. Not once does the word 'plastic' appear.

Quite useful as a straightforward reference, especially for identification of the hammered series in general, and the pennies in particular. Also significant reference on and identification of early Irish and Scottish. And British Commonwealth with good stuff on India and native states. A neat, big book.

333. Friedberg, Robert (also Jack and Arthur Friedberg). **GOLD COINS OF THE WORLD Complete from 600 AD to the Present.** The first 4 editions. 1958, 1965, 1971, 1976. 4to, cloth. Ills. Vals. Fine & better. (35.00)

The only actual exclusive standard reference, most valuable for identifying and valuing (?) medieval European (especially German and Italian states), Islamic, and Indian gold. Friedberg numbers are still the predominant cataloguing number in auction catalogues. These are nice, clean copies.

336. Gordon, Thomas. **THE WAR ON THE BANK OF THE UNITED STATES.** 1967 Burt Franklin reprint of the 1834 original. 8vo, brown cloth. 155 pp. VF. (20.00)

Gordon's, then contemporary work, dealt with the battle among Congress, Andrew Jackson, and the Bank. The implications are significant due to its impact on the Panic of 1837 and, numismatically, the issuance of Hard Times Tokens.

These were distributed by the ABNC to certain VIPs and stockholders, not sold. Despite this being an important history of the ABNC from 1795 to 1958, the superb vignettes of all the presidents through Eisenhower, 22 foreign dignitaries (Schweitzer, Marti, Sun Yat-Sen, Juarez), 20 prominent Americans (Edison, Daniel Webster, Franklin, Robert E. Lee, Hamilton), 9 of architecture (Statue of Liberty, Notre Dame, the Acropolis), trains, ships, allegories (reminiscent of the Educational Notes), and styles of currency represent the epitome of the craft. No attributions or text. An occasional marginal pencilled check mark. Relatively pedestrian offerings (Is it legal to offer your relatives just because they can't drive?), strongest from Barber series forward. However, for the collector of catalogues, many of these are unlisted in Gengerke.

The 1967 edition has a bent corner, else it is VF. ALSO included is the different 1967 edition with the two volumes (covers rubbed, contents VF) issued separately: Aden-China, Colombia-Kuwait.

360. Stewart, Frank H. **FIRST UNITED STATES MINT. Its People and Its Operations.** 1924. Privately Printed. 8vo, maroon cloth, gilt. 209 pp. Color frontis of George Washington. Ills. The covers VG, the contents Fine. (75.00)

361. Taylor H.C. and Somer James. **A GUIDE BOOK OF CANADIAN COINS, CURRENCY & TOKENS.** The first 10 editions complete: 1958-1968. 12mo, glossy CaC. Fine & better. (60.00)

These Canadian 'Redbooks' were the standard guide in Canada, being much more comprehensive than the Charltons. This continued even when the Charlton series was published by Whitman in the U.S during the '60s. These are of special value for the extensively illustrated coverage given the token series; for example, the important, especially durable third edition, spiral bound with wire, devotes over 100 pages to the series. The first edition has one bent corner. Generally, the only apparent wear is that traditionally found on glossy covers. Each is clean and sound.

The Federal Brands reprints were low quality photocopies. Although the illustrations of the notes are weak, the text is fine. Lists and describes 529 notes, organized by city, with an index organized alphabetically by bank. The foreword is a succinct history of Ohio banking for the period. Useful.

364. Wright, Dr. B.P. **THE MARK PENNY. Masonic Pieces.** 1963 Olympic Press reprint of the original from *The Numismatist*. 8vo, CaC. 89 pp. Ills. 2 pls. VF. (10.00)

A whole lot of konvolut numismatic information.

These glossy, mostly plated FPLs are an exceptional storehouse of information about Latin American coinage, especially the 8 reales, and Pillar and Portrait Issues. The 16 issues from 1975 on are especially noteworthy.

368. American Numismatic Society. NUMISMATIC LITERATURE. 45 consecutive issues from No. 58 (January 1962) to No. 102 (September 1979). 8vo, wraps (through #76), CaC (from #78). Fine (early issues) to near Mint. (100.00)

Since 1947, the ANS has produced an annotated bibliography (abstract) of numismatic literature recently issued throughout the world. They replaced von Bahrfeldt's NUMISMATISCHES LITERATURE-BLATT issued from 1880-1939. Each issue's abstracts are divided by areas of interest: Greek, Roman, Byzantine, Middle East, Far East, The Americas, Europe, Tokens, Paper Money, etc. A vastly underappreciated, comprehensive bibliographic reference. Such an extensive run is infrequently available.

369. American Numismatic Society. PROCEEDINGS (ANNUAL REPORTS) OF THE AMERICAN NUMISMATIC SOCIETY. 13 issues from 1954 to 1981. 8vo, CaC. Averaging better than Fine. (15.00)

Highlights: slogans on colonial tokens, Canadian numismatic dictionary, St. Helena, overstruck colonial coinage.

376. Canadian Numismatic Association. THE CANADIAN NUMISMATIC JOURNAL. 1980 and 1981, complete. Volumes 26 & 27. 12mo, CaC. Fine. (25.00)

These are really useful volumes. Highlights: super articles on Canadian colonials and tokens - 'ships, colonies and commerce', Nova Scotia, Wellingtons, foreign used in Canada, coronation and jubilee medals, playing card money, New Brunswick, Bouquet Sous, etc. Also 10 equally important issues from 1979 and 1982. Great issues, really neat info.

377. Central Bank of the Philippines. **BARRILLA. The Central Bank Money Museum Quarterly.** 20 issues from July 1974 (Vol. 1, No. 1) to January 1981 (Vol. VIII, No. 1). 12mo, pictorial CaC. 48 pp. (avg). Ills. Essentially VF. (35.00)

A most useful, rarely offered reference for collectors of Philippine and Spanish.

378. **THE CHECK LIST. The Journal of Banking and Financial History.** Published quarterly by Check Collectors Round Table. 9 issues from Volume VII, No. 1 (January 1976) to Volume 15, No. 2 (Spring/Summer 1984). 4to, wraps. Fine & better. (15.00)

379. Coin & Antiquities Ltd. and D.J. Crowther Ltd. (London) **COINS OF THE WORLD. NUMISMATIC PUBLICATIONS.** 29 issues from Summer 1966 to Number 1, 1972. 12mo. Wraps. Fine. (15.00)

The Summer 1966 list was their first. These FPLs featured ancients, British hammered & milled, and world coinage. Also offered antiquities, newly released books. Most issues average 24 pages and 4 plates. Each contains a one page numismatic article: the Aberystwyth mint, the Sassanian empire, the wrestlers of Aspendus, 19th century counterfeiting. These lists are definitely worthwhile.

380. Credit Suisse (Zurich). **MONETARIUM.** 22 of 23 FPLs from Autumn 1974 (no. 20) to Spring 1982 (no. 37). 12mo, glossy CaC. 100 (avg) pp. 15 (avg) pls. Averaging VF. (40.00)

A high quality listing of coinage from their numismatic division. In Switzerland and Germany, major banks have distinguished numismatic divisions (in the U.S. our major banks have distinguished loan departments headed by yuppie MBAs named Brad who make unsecured, unrecoverable billion dollar loans to despised, deposed despots). Anyway these easily usable, important German language lists offer thoroughly attributed quality ancients, medievails, and Swiss and Cantonal coinage. An impressive 8 year run.

381. First Coinvestors, Inc. **RARE COIN ADVISORY.** May 1975 (Vol. IX, No. 5) to November 1977 (Vol. 10, No. 10). 31 of 32 consecutive issues. 4to, wraps. Averaging 32 pages holed for binder. (35.00)

Although primarily an FPL, of major importance for the writings of Walter Breen on just about everything (colonials and lecture on 'Coins in History') - especially striking characteristics of colonials, Don Taxay on colonials and unofficial coinage, Jack Collins (who remains unmentioned) on 'History and Variety of U.S. Large Cents from 1793-1808' (which remains largely unknown). FCI was Pine Tree Auctions (1975 EAC sale of Connecticut Coppers). Although the copies tend to have soiled covers, they are otherwise sound. Important.

382. Florida United Numismatists, Inc. **FUN-TOPICS.** 17 issues from October 1980 (Vol: XXV, No. 2) to Fall 1984 (Vol. XXIX, No. 3). 12mo., Glossy CaC. VF. (25.00)

Each issue averages 110 pages of, as **THE NUMISMATIST** mostly advertising AND neat articles: bust dimes, silver dollar recommendations, Higley copper by Ed Rochette, Frank Sedwick on cobs and on numismatic ethics, numismatics of Spanish Guiana, Randy Campbell extensively on prooflike Morgans, Thomas Palmer on bust halves. A worthy, underappreciated periodical.

383. Glendining & Co (London). **A Konvolut of 32 Sales from 1954 to 1967.** Each averages 20 pages and 300 lots. Averaging Fine. (50.00).

23 sales from 1954 to 1957. A few of the post 1961 sales are officially priced with buyers' names. While there are no 'name' sales *per se*, this grouping is an exceptional source of information, especially for the English hammered and milled series; many are superbly catalogued and provenanced.

384. Hewitt, Lee. **THE NUMISMATIC SCRAPBOOK.** 3 hardbound volumes. 1948-1950. 12mo. Cloth. Insignificant rubbing, essentially Fine. (50.00)

1948-49 brown cloth (ex-Col. James Curtis, ANA life member 220), 1950 red cloth. The contents are sound and clean, BUT (good news or bad news depending on your point of view) the ads from the middle pages of each issue have been removed from most of the issues. BUT all the articles, the features, and the covers remain. Key articles: overdated large cents, Curtis's series on patterns and their prices, New Jersey colonial currency and copper, die varieties of three cent pieces, 1896 experimental coinage, Davenport on German Talers 1700-1800.

385. Hewitt, Lee. **THE NUMISMATIC SCRAPBOOK.** 5 hardbound volumes. 1954-1958. 12mo. Matching red cloth, gilt. Weak bindings, VG. (50.00)

Contents clean. As above, most issues have the ads from the middle pages removed. Highlights: Curtiss' series on Tetradrachms of Roman Egypt, British tokens from 1785-1797, numismatic history of New England, the Fuld's Important subject Index to Adams photos in Hetrich-Guttig, also important monograph on Talbot Allum & Lee cents, also on 'Wealth of the South mullings', Breen on overdates, Slabaugh's series on Mexican revolutionary paper money, Ray Byrne on rarities, Canadian tokens,

386. The International Israel Numismatic Society, Inc.. **JOURNAL OF ISRAEL NUMISMATICS**. Volumes 1 & 2 complete in 11 issues. Feb./March 1966 to October 1968. 12mo. CaC. 374 total pp. Fine & better. (25.00)

Edited by Fred Bertram, this glossy paper journal predates **THE SHEKEL**. Contents include 'city coins' of ancient Israel, the Palestine Currency Board (10 installments), and Israel paper money. Regular features on rarities and scarcities, and tokens and medals. Useful for collectors of ancients. Also includes the first 2 issues of volume 3. Elusive.

387. Kleebe, Alvin A. and Walker Carlton (eds.) **SAN. Journal of the Society for Ancient Numismatics**. 4to. CaC. 37 issues from Volume III, No. 1 (1971) to Volume XVI, No. 1 (Spring 1985). (35.00)

1977-79 & 1983 complete. The cover of each issue is illustrated with an enlarged ancient. Each glossy, profusely-illustrated issue, averaging 18 pages, contains important (four, on the average) well-documented articles about all aspects of ancients and early hammered. **OF NOTE:** In Vol. 16, No. 3, Wayne Sayles, of **The Collector** wrote 'The History of Ancient Coin Collecting: A Brief Survey', an absolutely superb overview. The Volume 15, No 4 issue contains a 15 year cumulative index for **SAN**. But for a few with dusty covers and rusty staples, generally Fine & better.

388. Krause, Chester (Iola, WI). **THE COIN DEALER**. 17 of 20 issues from September 1963 (Vol. 1, no. 2) to April 1965 (Vol. 3, no. 4). 4to., wraps. Soiled covers, Fine. (25.00)

Created by Krause as a separate dealer-to-dealer adjunct concurrent with **NUMISMATIC NEWS**. 'News and advertising for dealers only', was mostly advertising, but each issue contained fascinating monthly features: 'coin dealers and the law', news about coin shops - the September 1963 issue featured 'Empire Coin Company (Bowers & Ruddy) - portrait of a coin dealer'. Missing only 1964 issues 4, 5, and 10 (and of course August 1963). This lot also contains 4 duplicate issues. A scarce run (the same phrase applies to the Cleveland Indians' offense).

389. Link House (Croydon, England). **COINS AND MEDALS**. 1968 to 1970, complete in 36 issues. 12mo. glossy pictorial CaC. IIIs. Nearly VF (avg.) (35.00)

Howard Linecar was the Associate Editor for this glossy monthly major British periodical, averaging 800 pages annually (how about that for a jam-packed sentence!). Renamed **COINS** in 1970, it was a combination of articles, display ads, news, and British price trends. The articles dealt with British hammered, British colonials, tokens, issues of the various rulers, auction summaries, and medals; there are also articles on Canadian and U.S. numismatics. A quality publication.

390. **MONEY TREND**. 45 issues from 9/80 to 1/86. Fine & better. (50.00)

If you can translate **Money Trend's** subtitle (use your 'Hogan's Heroes' lexicon) - 'Internationales Munzenmagazin mit paper-money-report, Munzenmarkt und Munzenkatalog' - then you will have no trouble using this large format German-language monthly (actually 11 per year). The authority for pricing post-1871 German states and modern German coinage also provides for Swiss, modern Austrian, and Liechtenstein (from where it is mailed). The useful articles may require a bit of effort to understand, but the profuse illustrations help. Of great importance are the ads from the European numismatic and auction firms; for the neophyte their FPLs and auction catalogues are your access to the rest of the world. This long a run is most useful, just ask Dave Cannon.

391. **THE M.A.N.A. JOURNAL**. 22 different issues from July 1957 (Vol. 1, no. 1) to 1979, 4th issue. Averaging VF. (15.00)

'Quarterly Publication of the Middle Atlantic Numismatic Association'. The first two issues contain a column by Walter Breen. Later issues - super article on Charlotte mint 10-12/62, Flying Eagle cents, photographing currency. A neat journal.

'Europe's first full colour coin magazine' was produced by the editors of **CM&C Weekly**, the British **Coin World** equivalent. An expensively produced journal profusely and stunningly illustrated in colour. Wonderful, wide-ranging articles: the Spink story, Jacob Perkins (for U.S. buffs), Irish, Scottish, British hammered, military medals, Massachusetts silver, ancients. Also each issue featured a 40 page price 'trends' for British coinage after 1839. An expensively produced impressive publication.

393. **MUNZEN REVUE**. 10 issues from January 1976 to January 1977. Fine & better. (15.00)

A LIFE-sized German-language, illustrated numismatic monthly averaging 64 pages per issue with feature articles, auction summaries, and trends for post-1871 Germany, Swiss, and modern Austria (Myron bet me that I couldn't just write a one sentence annotation). Useful.

394. **THE N.A.S.C. QUARTERLY**. Official Publication of the Numismatic Association of Southern California. 17 issues from 3rd quarter 1965 to Fall 1983. 12mo. CaC. Averaging 32 pages. IIIs. But for extensive textual underlining and name on covers, Fine & better. (10.00)

Articles: mint forgeries, coins of colonies & silver dollars, Queen Anne farthings, Sycee silver, Coinage of Slovakia 1939-1945 by David T. Alexander (what ever happened to him, anyway?), Sol Taylor on \$10.00s, the romance of the large cent (11 pages,

EAC'ers), first American mint.

395. Numismatics International. **NI BULLETIN**. 56 issues mostly from January 1980 (Vol. 14) to August 1984 (Vol. 18). 12mo., CaC. VF. (40.00)

Each issue contains wide-ranging monographs; many on medievais, Islamic, Middle Eastern, early Germanic and English, and primitive money. Breakdown: 1980 (8 issues), 1981 (12 complete), 1982 (12 complete), 1983 (9), 1984 (8), also 7 other earlier issues. Useful.

396. Numismatic Publishing Company (Brentwood, England). **COIN MONTHLY**. Britain's Best Selling Monthly Coin Magazine. 48 issues from February 1974 to December 1978. 12mo., CaC. Averaging 124 pp. Ills. Fine & better. (45.00)

Features articles, ads, and post-Victoria trends. Articles run the gamut of numismatics with an obvious emphasis on British coinage from all eras. BUT, for you EAC'ers and Bust Half Nuts, there are features on die varieties of Elizabeth II halfpennies (with Rolver-like guidelines) and pennies from 1895. Imagine, a whole new field for the clinical myopic. Also, 4 other issues.

397. Seaby. **SEABY'S COIN AND MEDAL BULLETIN**. 1950. 8vo, original red cloth. 602 pp. Covers slightly faded and soiled, Fine. (15.00)

Stamped 'Empire Coin Co. Inc. Research Library' (that's B & R, gang). In the text portion, articles on medieval ships on coins, Askew on the coinage of Roman Britain, Bactrian and Indo-Greek coins, Seaby on English coinage from Henry VII to Anne.

398. **THE SHEKEL**. The Journal of the American Israel Numismatic Association. 71 of the first 72 issues (Summer 1968 to July/Aug 1982). 12mo. Glossy, CaC. Averaging VF. (100.00)

Naturally the missing one is Volume 1, Number 1. Each issue averages 32 pages with illustrations. Many of the articles are important to the collector of ancients, in addition to modern Israeli. Authors include Hendin, Gould, Haffner, Bertram, Rochette, D. Alexander. Also covered extensively: medals, tokens, currency, and Palestinian. Scarce this complete.

399. Society of Paper Money Collectors. **PAPER MONEY**. Devoted to the Study of Currency. 40 assorted issues from No 38 (1971) to #114 (1984). 4to. CaC. Fine & better. (50.00)

400. Sotheby & Co. **A Konvolut of 13 Sales from 1962 to 1967**. Each averages 40 pages and 300 lots. Averaging Fine (25.00)

Sotheby sales do not appear on the secondary market frequently. In addition to English hammered and milled, these offer ancients, medievais, antiquities, and medals. Useful.

401. **THE SOUVENIR CARD JOURNAL**. The Official Organ of the Souvenir Card Collectors Society. 11 issues from Spring 1981 (The Inaugural Issue) to Spring 1986 (Vol. 6, No. 1). 4to. CaC. Fine & better. (30.00)

Each profusely illustrated, information-packed issue has a mail auction, regular feature columns, and neat feature articles: Printers' Union cards, political cards, errors, private souvenir cards, the SCCS numbering system, and new issues. Breakdown: 1981 (1), 1983 (1,2,4); 1984 (4 complete); 1985 (2,3); 1986 (1). Infrequently available, especially with the Inaugural Issue. Neat stuff.

402. Superior Stamp & Coin Co. **MONEY TALKS**. The Latest News on Money & Medals. 69 issues from Volume 1, No. 1 (Winter 1969-1970) to June/July 1981. Fine or better. (75.00)

Includes 55 of the the first 62 issues, missing May to October 1970, and July of 1971. For you recordkeepers, Volume 5 (1974) was re-numbered Volume 4 with the March 1974 issue, continuing unaltered since. Includes 14 consecutive issues from January 1979 to March 1981. The early issues feature large and fractional currency (from the Philpott Collection). Also offered are medals, foreign, antiquities, and mostly stamps. The early issues are infrequently offered.

403. Swiss Bank Corporation. **PREISLISTE FÜR GOLD UND SILBERMUNZEN**. 14 of 15 FPLs from January 1976 to Frühling 1981 (no. 45). 12mo, glossy CaC. 85 (avg) pp. 1300+ lots. Profusely illustrated. VF. (25.00)

Featuring important European medieval to modern gold coinage. The silver tends to be medieval to 18th century European, Swiss and Cantonal. (Would a Swiss-Chinese restaurant in Ohio be called Canton's Cantonal Cantonese?) Numismatic literature also offered. Also 3 other unnumbered FPLs from December 1974 to September 1975. Another important run.

404. **WESTERN COIN COLLECTOR**. The Numismatic Digest. 20 issues from March 1966 (Vol. 1, No. 12) to March 1968 (Vol. 3, no. 12). 4to. Pictorial wraps. Nearly VF. (20.00)

This profusely illustrated monthly is similar to **COINAGE**: A lead story (generally with a western numismatic flavor), Much ANA news (Isn't the ANA in the west?), feature columns, new issues, ads, club news. Only the name was changed, to **NUMISMATIC DIGEST**, in January 1968; The June and September issues are included, as an unlisted bonus (Are you impressed?). Scarce.

405. **WORLD COINS.** Complete in 13 volumes. 147 issues from January 1964 to March 1976. Average better than Fine. (125.00)

Another late lamented periodical. Each issue featured a different theme: British Commonwealth, Moslem, Ancients, Gold, Currency, Latin America, Russia, Oriental, Germanic, and others. Not only are the feature articles written by 'name' authors, but many of the quality ads are a mine (or if you buy this lot, 'a yours') of reference material. As I had previously mentioned with melancholy, this periodical was making a profit and becoming increasingly successful when it was 'absorbed' to death. Important.

406. Yeoman, R.S. (ed.). **WHITMAN NUMISMATIC JOURNAL.** A Monthly Magazine devoted to all phases of Numismatics. Complete (really, no foolin'). January 1964 to December 1968. 60 issues in five volumes. Fine. (75.00)

The contributing authors are a numismatic 'Who's Who': Bowers, Breen, Julian, Kenney, Bolender, Newman, Taxay, Glaser, Wiley, Yeoman. Covers the infinite variety of numismatics, although North America is emphasized. (This is not the recycled incomplete lot I fouled up in the last sale; this is a brand new opportunity for me to foul up..)

### AN UNPRECEDENTED OFFERING

407. Superior Galleries. The **JACK H. ROBINSON Collection of United States Half Cents and Large Cents.** January 29-30, 1989. Mint. (300.00)

**THE LIMITED EDITION 'SUPER DELUXE' WITH PHOTOGRAPHIC PLATES.** This lot is offering something which does not yet exist for an event which has not yet happened. In January, Superior Galleries will be auctioning Jack Robinson's exceptional collection of large cents and half cents, 'the most significant group of copper coins sold at auction since the fabled Robinson S. Brown, Jr. collection.' Superior believes that the catalogue will become a 'state-of-the-art work.' Virtually every coin in the auction will be photographed with many of the rarities being given enlargements. The catalogue 'will feature profuse Die State photographs as well as extensive plate enlargements of Die States, lacking in the Robinson S. Brown, Jr. catalogue, and as such, [this] sale will be a fine complement to the Robinson S. Brown, Jr. catalogue'. A few newly-available 'super deluxe' copies of the Robble Brown sale were being sold at the ANA convention in July for \$350.00.

As only 200 copies of the 'super deluxe' Robble Brown sale were produced, Superior intends to make only about the same number of this type of catalogue for the Robinson sale. With the already large number of advanced orders, it is entirely probable that the entire run is now or soon will be sold out; at the ANA this summer, the copper guys were already placing their orders. However, Larry Goldberg of Superior has committed to this auction one 'super deluxe' edition to be delivered when it is actually produced early in 1989. So this may be the last opportunity to get a 'super-deluxe' copy.

Following is a nice offering of Thomas Elder sales. One of the legendary numismatic figures, and definitely one of the most outspoken, Elder offered a veritable potpourri in his sales: coins, antiquities, stamps, newspapers, gems, tokens and medals, currency, autographs, and literature. Elder sales give a good overview of American collectors' more catholic (with a small c) tastes in the early twentieth century. According to Gengerke, Elder's 294 sales totalled 422,335 lots. The sales are small format with card covers and are Fine (and so am I, thank you) unless indicated.

432. Green, Charles. E. **MINT RECORD OF UNITED STATES COINS.** (1932). 16mo. Maroon leather, gilt. 86 pp. Nearly VF. (20.00)

This listing of mintages for U.S. coins was one of the forerunners of the **Redbook**. The leather shows wear, but merely opening this once would have caused this. Really, this is a neat little jewel.

The following grouping of early Abe Kosoff sales are quite scarce and in major demand, not merely for their historical significance. Kosoff's early sales auctioned the vast collection of Julius Guttag. These are each small format with CaC and are VF (except as noted). In our last sale, we offered a group in exceptional condition; these compare quite favorably, including several sales we did not offer, then.

### CONSIGNMENT NORTH COAST

Many of the periodicals and fixed price lists here are rarely offered at all, rarely offered so complete, or despite their usefulness are generally unknown. This area is the most underresearched and underappreciated in numismatic literature although Remy Bourne (who has already published the part one of his tour-de-force), John Adams, and Frank Katen have major reference works in progress. Once their findings are disseminated, FPLs and periodicals will be the focus of the next bibliomaniacs' "gold fever".

449. Affleck, Charles J. **THE OBSOLETE PAPER MONEY OF VIRGINIA. Volume II: Obsolete Bank Notes 1804-1865**. 1969. 4to, maroon cloth, gilt. 265 pp. 20 color plates, color frontis of Affleck. Rarity guide, vals. VF. (25.00)

Copy 409 of 1000 numbered copies. 'All known major varieties ... that are available have been illustrated in actual size....' A beautifully presented work, with marvelous color plates. A 'key' work in the obsolete currency series. Important

450. American Numismatic Society. **MUSEUM NOTES 1945, Volume I**. 1946. 16mo, tan CaC. 106 pp. 23 fine pls. Fine. (75.00)

The extremely scarce first edition. Herbert Ives stated the original purposes of **MUSEUM NOTES**: (1) to publish information too brief for an ANS Monograph, (2) to reveal to the membership the yearly 'accretions' to the ANS collection. A really nice copy. The same applies to the next three lots, volumes II-IV.

451. American Numismatic Society. **MUSEUM NOTES, Volume II**. 1947. 16mo, tan CaC. 118 pp. 19 fine pls. Fine. (75.00)

Important, in-demand, and scarce. Why so brief? So I can take more space to annotate obscure stuff.

452. American Numismatic Society. **MUSEUM NOTES, Volume III**. 1948. 8vo, blue CaC. 154 pp. 26 fine pls. Top corner of front cover dampstained, still Fine. (40.00)

See the comments above.

453. American Numismatic Society. **MUSEUM NOTES, Volume IV**. 1950. 8vo, blue CaC. 130 pp. 24 fine pls. Fine. (40.00)

See the comments above the above.

454. Barton, John. **THE OWL (QUARTERLY)**. 13 glossy FPLs from Fall-Winter 1975 to Fall 1981. 12mo. wraps. 225 lots (avg). 10 pls (avg). VF. (20.00)

John, who recently passed away, was a fine gentleman who produced quality lists with quality offerings of primarily ancients. The lots (nearly all illustrated) are most thoroughly attributed, conservatively graded, and well annotated. 11 consecutive quarterly issues from Volume II, No. 1. Most useful.

455. Barton, John. **BUY/BID SALES 1 to 5**. Semi-annually from April 9, 1983 to March 23, 1985. VF.

(20.00)

The same format as **THE OWL**. Each averages 250 lots and 13 plates. Again, completely attributed and well annotated. These are important instructional references. (John was directly responsible for getting this philistine involved in the pursuit of ancients, helping me to begin my library and my collection.) Each sale is a little jewel. This lot also includes two **OWL** mail-bid sales from Fall 1979 and March 1982.

456. Barton, John. **A NUMISMATIC BESTIARY. Ancient Greek and Roman Coins Bearing Zoological Types.** nd. (1982?) 12mo., CaC. 21 pp. 202 lots. 14 pls. Near Mint. (10.00)

An FPL. Includes a 2 page article by Dr. John Twente on collecting ancient coins picturing animals. In **THE OWL** format, an impeccable production in every respect. A significant reference sale.

457. John Barton (Owl Ltd.) and Thomas P. McKenna. **THE AURELIA COLLECTION of Roman Republican Silver Coins.** nd. (1983) 12mo., CaC. 32 pp. 300 lots. 15 pls. Near Mint. (15.00)

An FPL. In **THE OWL** format, a joint production with Tom McKenna, John's part was cataloguing and photography. A Swiss collection 'assembled over the last twenty-five or thirty years.' Nearly every lot is illustrated on both sides. Extensively annotated, a rarity for sales of ancients, and consequently most useful for collectors. Highly recommended.

458. Blunt, C.E., F. Elmore Jones, and Commander R.P. Mack. **Collection of Ancient British, Romano-British and English Coins [to 1180] Formed by MRS. EMERY MAY NORWEB, Part I. Sylloge of Coins of the British Isles 16.** 1971. 8vo, blue cloth, gilt. 88 pp. 17 fine plates. Corners bumped, else VF. (35.00)

Each of the 421 coins (plated on both sides) has its weight, provenance, and full attribution provided. Mrs. Norweb indicated that her interest in British coinage began in 1953 at the ANA convention when she bought a 'canister' containing 3 pounds (weight, not value) of English hammered coins. This volume of the Sylloge contains silver pennies of exceptional quality and great rarity. Important.

459. Thompson, R.H. **The NORWEB Collection: Tokens of the British Isles 1575-1750. Part I: Bedfordshire to Devon.** Sylloge of Coins of the British Isles 31. 1984. xl pp. 35 fine plates. VF. (40.00)

From Mrs. Norweb's Foreword to this work, 'The result of Robert Thompson's years of study and hard work ... is likely to remain the most comprehensive standard work on the series, perhaps for ever.' Of note is that this particular series was a joint pursuit of both Mrs. and Mr. Norweb (who was born in Nottingham) - he bought the tokens, she catalogued them. The total token collection numbered 13,000. This Sylloge systematically describes, attributes, and provenances 840. Of special note is a superb token bibliography. British token literature is sought as eagerly as that of 'coppers' or bust halves.

460. Bowers and Ruddy Galleries, Inc. **RARE COIN REVIEW NO. 10.** March April 1971. 4to, self-covered. 52 pp. Ills. Nearly VF. (25.00)

Listed as Volume III; Issue No. 10. This is the first **Rare Coin Review** issued by the firm of Bowers and Ruddy; thus the starting point for assembling a complete set of B & R RCR's (Did I use enough abbreviations?). The previous numbers were issued by Hathaway and Bowers. Important and scarce.

461. Breen, Walter. **A COMPLETE COURSE IN NUMISMATICS.** American Institute of Professional Numismatists (Beverly Hills). nd. 4to. 70 leaves of printed typescript. Original card covers a trifle soiled. Fine. (35.00)

Scarce. 23 'lessons', the last a 'Final'. 2 lessons on half cents, 3 on large cents. The 'course' goes through the entire series of U.S. coinage, also currency, Canadian, and cleaning. Despite Breen's information being most useful, as always, this 'course' never caught on; no Cliff Notes. Useful and scarce.

462. Breen, Walter. **A COINER'S CAVIAR. Walter Breen's Encyclopedia of United States and Colonial Proof Coins 1722-1977.** 1977. 4to. Brown cloth, gilt. 324 pp. Ills. Nearly VF. (90.00)

The standard reference. Invaluable. Example: most collectors are aware of the rare 1838-O proof bust half, 20 minted and 11 known. But, a friend of mine owns a rarer 1838-O proof bust half (purchased from a most reputable source). Where does one go for documentation? Breen, page 234.

463. Coin Galleries (Stack's). **16 FIXED PRICE LISTS.** 1955-1959. 1955 (no number), 5-9, 12-22 (18/19 combined issue). Conditions from Fine to VF. (30.00)

These lists were the forerunner of the **NUMISMATIC REVIEW** listed below. Each is octavo. The issues up to #14 are FPLs only. These issues are identical in layout and, from #15 onward, in content to the **NUMISMATIC REVIEW**. These are quite elusive and in demand for the completion of the Coin Galleries series.

464. Coin Galleries (Stack's). **NUMISMATIC REVIEW and FIXED PRICE LIST.** 62 of 63 issues. From Volume I Number 1 (January 1960) to Volume XIII Number 2 (1972). Mostly VF, only one below Fine. (125.00)

Including the new series complete in four issues (1977-1979). The missing issue is Volume I Number 2. Each issue averages 50 pages beginning with 8 pages of text; fascinating observations by the editor, James Risk; and scholarly articles about ancient,

medieval, and foreign coins. The balance of each issue is Coin Galleries' (Stack's non-U.S. division) quality illustrated fixed price list. In ever-increasing demand as this is from a major firm, covering a significant length of time. Important.

465. Eastwood, Sidney K. (Pittsburgh). **NUMISMA. An occasional Numismatic Pamphlet.** C-S 768. Privately printed. (Volume 1, nos. 4-6). 3 consecutive issues 1943-1947. 16mo., wraps 70 pp. (43-112). VG. (10.00)

Printed from 1939 to 1948, these 3 particular pamphlets, issued at 10 month intervals, are comprised of 12 monographs on British colonial coins and tokens, British tokens, and satirical tokens of Napoleon III. The covers (with masking tape labels) are faded and foxed; the contents sound. Definitely scarce. Good reading.

466. Empire Coin Company (Bowers and Ruddy in Johnson City, NY). **EMPIRE INVESTORS REPORT, Issues 1 & 2.** (September) 1963. 4to. Green printed sheets. Each 8 pp. Once folded as mailed. Fine. (20.00)

So scarce that the INVESTORS REPORT is not widely known. Issued every other week for more than 2 years. Looks like the Kiplinger newsletter. Recommendations in 1963: mintmarked 20th century minors in the 'teens and 20's (isn't that a kid who was tattooed in Denver or SanFran?), sell your rolls (get off your buns), 20c pieces, choice patterns (the Butterick boom), type coins from 1796-98. Fascinating.

467. Hess, Dave (Baton Rouge). **17 of 20 Fixed Price Lists of British Hammered and Milled Coinage.** (Also 2 other Hess mini-lists) August 1965 - June 1967. 12mo., glossy wraps. 200+ total pp. 3300+ total lots. 39 total plates. Fine. (25.00)

Thoroughly marvelous, incomparable lists. Numismatics at its best. His offerings of hammered pennies, the majority of each list, are thoroughly attributed and offer clear, unaffected information. Obviously produced with the collector in mind, his love for this field permeates each profusely illustrated list. I have not seen any larger offering of the rarely offered Hess lists. I would appreciate receiving any information or recollections anyone could provide about him. Great stuff!

468. Ireland, Peter (Format) Ltd. (Birmingham, England). **FORMAT.** From #1 to #27, missing only 8 & 9. nd (1978 to 1984). 12mo. Glossy, CaC. VF (avg). (50.00)

A glossy quarterly (except for 3 in 1983 3) FPL featuring quality British and British colonial, although world coinage in all price ranges is included. Each issue averages 2000 lots and 8 plates. The extensive patterns, medals, specimens, and tokens make these most important. Many discovery pieces and much important information is included. For example #14 lists the (42) 'rarest British Colonial currency issued coins' with estimated numbers extant and comments, a 1936 official pattern sixpence, and a 1792 Washington 'Roman Head' cent (extensively annotated). Neat.

469. Format Coin & Medal Co. Ltd. **FORMAT MONTHLY COIN and MEDAL LIST.** 6 issues (Vol. IIII, No. 4 - 10, no #6) from April to December 1966. 12mo., CaC. 110 total pp. lots. 34 total pls. VF. (15.00)

These **FORMATs** format (?) is similar to the current **Seaby Bulletin**. Useful text articles: an alphabetical listing of French mintmasters from 1789 to 1891, a list of French 'Graveurs Generaux' from 1590 to 1879, list of French mints from 1389, notes on George IV coinage, notes on Edward I and II hammered coins. Infrequently offered.

470. Hewitt, Lee. **THE NUMISMATIC SCRAPBOOK, 1939.** 1939, Complete in 12 issues. 12mo, pebbled red cloth, gilt. 632 pp. Fine. (30.00)

Coffin on Colonial currency, private Colorado gold, Earle Sherwood on Connecticut coppers and NY colonials, an account and group picture of the Inaugural meeting of the Central States Convention, Eastwood on Virginia and Maryland colonials, the history of U.S. private gold, Newlin (reprint) on half dimes from 1792 to 1802 (16 provenanced), early Secretaries of the Treasury. An important, quite scarce volume.

471. Joslin, E.C. **SPINK'S CATALOGUE OF BRITISH AND ASSOCIATED ORDERS, DECORATIONS AND MEDALS with Valuations.** 1983. 4to, blue cloth, dj. 191 pp. Profusely illustrated, many in colour. Vals. Mint. (25.00)

Quoting from the dust jacket (just like a high school book report), 'A comprehensive and authoritative guide to British - and associated - Orders, Decorations, and Medals, giving a brief history of each, and including most valuable suggestions to collectors.' Joslin 'is without doubt the doyen of medal dealers and specialists in the field'. [Note: the colour photography is stunning.] 206 medals from the 18th century through the Falkands (Myron, do we get any bids from Argentina?). Magnificent.

472. Kosoff, Abe. **KOSOFF'S COIN BULLETIN.** 5 issues. Fine or better. (10.00)

8/55 (#8), 7/56 (#9), 8/56 (#10), 2/58 (#12), 4/58 (#13). The sequel, in identical format, to the **NUMISMATIC GALLERY MONTHLY**. FPLs with 'Money Talks'. #13 offers about 250 decent different large cent varieties, some provenanced.

473. Richard Margolis. **COINS & MEDALS OF THE WORLD.** 36 consecutive FPLs from No. 24 (Aug.-Sept. 1965) to No. 59 (June-July 1979). 12mo., glossy wraps. 600 lots (avg). 2 plates (avg). Fine and better. (30.00)

A 14 year run of plated lists (which began in this format with #24) from the estimable Mr. Margolis. An incredible storehouse of information: Napoleonic medals, Russian and French coinage, world patterns and essays, British milled coinage and Conder tokens, Latin American, and Oriental. Important.

474. Metropolitan Coin Co. (Paul Weinstein) **CHOICE COLONIAL COINS**. (1961). 12mo, self-covered. 16 pp. Ills. One crescent marginal waterstain, not affecting text, else Fine. (20.00)  
An FPL of note: the firm was the source of the **METROPOLITAN NUMISMATIC JOURNAL** edited by Walter Breen and Lyn Glaser. All colonials with much important text: 'one of the two finest' Inimica Tyrannis America, a unique 'bar cent' on an oval planchet, Confederatio with large stars, good states coinage.
475. Newman, Eric. **COINAGE FOR COLONIAL VIRGINIA**. Numismatic Notes and Monographs, No. 135. 1956. 8vo, tan CaC. 57 pp. 6 gravure plates. VF. (17.00)  
C-S 3392\*. 'Virginia halfpence have the unique distinction of being the only fully authorized coins with legal tender status specifically minted ... for any part of the English colonies which became the [U.S.A.]' (p. 1). The standard reference.
476. New Netherlands Coin Co. **NUMISMA**. Complete in 27 issues. Generally Fine or better. (75.00)  
From Vol. I: No. 1 in June 1954 to 'Whole No. 27', November 1960. This most prestigious house organ features comprehensive coin offerings, extensive text, original research and observations by Ford and Breen. Complete runs are infrequently offered and eagerly sought.
477. Numismatic Gallery (Kosoff and Kreisberg). **NUMISMATIC GALLERY MONTHLY**. 23 issues. Rusty staples, o/w Fine. (50.00)  
Volume I (May to December(\*) 1948) complete in 8 issues. Vol. II, Nos. 1\*, 2\*, 4\*, 5\*, 7, 8. Vol. III, Nos. 2, 3, 4, 8. Vol. IV, Nos. 1, 4, 5-6, 7-8, 9-10. These glossy small format house organs averaged 12 pages, most offerings were FPLs though the five starred issues contained mail bid sales. Each back page is 'Money Talks', Kosoff's homey observations of people and issues. A run this lengthy is decidedly unusual.
478. **THE NUMISMATIST, [The Bryan Number] July 1926**. Volume XXXIX, No. 7. 8vo, red cloth, gilt. Pages 313-416, complete. (20.00)  
Farran Zerbe's 70 page monograph 'Bryan Money. Tokens of the Presidential Campaigns of 1896 and 1900 - Comparative and Satirical'. Profusely illustrated, a listing of 141 items. Tipped in is 'Two Unrecorded Bryan Tokens', a 2 plate addendum from the 1957 **ANS Museum Notes**. Along with the February 1924 'Lincoln' number, the most eagerly sought single 20th century issue. The issue is VG, the later binding is virtually VF.
479. Overton, Al C. **EARLY HALF DOLLAR VARIETIES**. 1970, revised edition, third printing. 8vo, green cloth, gilt, dj. 274 pp. Ills. Near Mint. (35.00)  
A fascinating work, though clearly esoteric and of no real interest. Mr. Overton, though definitely dedicated to this ephemera, has obviously wasted his time. There can be little doubt that the only people who could possibly be interested in bust halves would have to be 'nuts'.
480. Prime, William C. **MONEY OF THE BIBLE**. (1906) 24mo, CaC. 23 pp. Ills. VF. (15.00)  
Produced by The (Thomas) Elder Numismatic Press, this modest monograph consists of (1) Money Before Coinage, (2) Coins and Coinage Before the Christian Era, and (3) New Testament Money. A good survey, quite readable. Neat, especially this choice.
481. Raymond, Wayte, ed. (Scott Stamp and Coin). **THE COIN COLLECTOR'S JOURNAL**. 47 of 48 issues. From Volume I Number 1 (April 1934) to Volume 4 Number 12 (March 1938). Generally Fine. (75.00)  
Missing only Volume 1 Number Eleven. Although some of the covers may show some fading, the contents are all sound and clean. Despite being frequently referred to as a highly respected and acclaimed periodical, the contents actually tend to be taken for granted. For example, few know that Clapp's important **UNITED STATES CENTS 1804-1814** is actually the first 10 pages of the December 1934 issue. Useful articles by major figures (Didn't he teach math in the Army?), many later reprinted: Macallister on large cents; Edgar Adams on early mint issues, Newell on ancients. Howland Wood, Wismer, Raymond on Latin America and on store cards, an extensively illustrated series on presidential medals.
482. Raymond, Wayte. **THE COIN COLLECTOR'S JOURNAL**. Volume 10 (1943) and Volume 11 (1944) 10 of 12 issues. 2 covers with pencil notes, otherwise Fine. (25.00)  
The war years tend to be scarce. The features are middle eastern coinage, ancient Roman, and the first four chapters of Phares Sigler's vastly underappreciated work on colonials.
483. Raymond, Wayte. **THE COIN COLLECTOR'S JOURNAL**. Volume 13 (1946) to Volume 17 (1950) complete in 30 issues. Fine or better. (50.00)  
Raymond took over as publisher in 1939. The quality continued: John Ford's important monograph on authenticating colonials, Sigler's important illustrated series on colonials, Marckhoff on state banking, Nesmith on Latin-America, Early American medals, Kann on mint of Shanghai, the later reprinted J.P. Morgan collection of Greek. Again, these should not be dust catchers. Don't take them for granted.
484. Vlack, Robert A. **A CATALOGUE OF EARLY AMERICAN COINS**. 1963, 1st ed. 8vo. CaC. 17 pp. Vals. VF. (50.00)  
The scarce first edition. Supposedly only 60 copies exist because the rest were destroyed in a fire or in a flooded basement.

7 NORWEB SALES

Although most collectors are well aware of the Bowers & Merena **Norweb** sales, there have been 7 other important Norweb sales since 1985 - 3 by Christie's (catalogued by Spink's) in Dallas and New York, and 4 Spink sales in London. The offerings in these other sales while of (mainly) non-U.S. material are of at least the same quality and importance as those from B & M. The Christie's sales of Spanish American coinage rank with the legendary Fonrobert and Gutttag collections. The Spink sales of British coinage rank with the best cabinets of British coinage ever offered. Additionally, these are required for having a truly complete set of the Norweb collection sales.

485. Christie's. **3 Norweb Sales of Canadian, Mexican & Central American, and South American Coins.** Large format, Pictorial CaC. Fine & better. (60.00)

**Canadian Coins and Banknotes.** 4/22-23/85. 92 pp. 971 lots, Pri. 30 pls. Canadian 1911-12 Specimen set, Canadian banknotes, U.S. currency, an 1841 \$2.50 (non-Norweb). **Mexican and Central American Coins.** 5/17-18/85. 188 pp. 850 lots, Pri. 4 color pls. 403 lots of important Mexican colonial, mostly gold, but the 1732 and 1733 pillar coins are amazing - a 1732 4 reales "specimen" brought \$33,000. The Central American series features stunning Guatemala, Cuba, and Haiti. **Mexican and South American Coins.** 11/7/85. 210 pp. 1020 lots. 4 color pls. (Where do I start?) Super Mexican Republican onward, amazing South American - rarities, Wyon patterns. Try this; Gutttag contained 5000 coins, Fonrobert 4900, Norweb II & III offered 4750 (the family has kept the Brazil collection, and had previously donated the Peru coinage to the ANS) and "will stand as a reference in conjunction" with the other 2 classics. Important, required, and a whole lot o' fun to look at.

486. Spink Coin Auctions. **THE NORWEB COLLECTION OF ENGLISH COINS, Parts 1-4.** From June 13, 1985 to June 17, 1987. Large format, glossy CaC. 1921 total lots. 11 colour plates. But for slight postal bending, VF. (\$0.00)

Superb cataloguing, attributing, and provenancing. "Much of this [research and pedigreeing] work is beyond the scope of any normal auction catalogue". **Part 1, Sale 45.** Pri. Hammered issues from Celtic times to Richard III, including Henry III gold "penny" and the Charles II "Petition" Crown. **Part 2, Sale 48.** Pri. From Henry VII to date: Simon crown in gold, 1663 "Reddite" crown, Elizabeth I milled half pound, extraordinary patterns and proofs, 1953 maundy set in gold. **Part 3, Sale 56.** 191 Anglo-Saxon and Norman pennies, Hammered gold and silver from Edward I to end of series. **Part 4, Sale 59.** Pri. More Anglo-Saxon and Norman, medieval English and milled. The four sales grossed 1,586,843 pounds. These four sales represent the epitome of numismatic auction catalogues.

487. Bluestone, Barney. **CATALOGUE OF THE "ORIGINAL" CELEBRATED ALBERT A. GRINNELL COLLECTION OF UNITED STATES PAPER CURRENCY.** Parts I, II, and III. Small format. Heavy green CaC. VF. (45.00)

**Part I.** 11/25/44. 67 pp. 501 lots, w/Pri. **Part II.** 3/10/45. 59 pp. 613 lots, w/Pri. **Part III.** 6/16/45. 95 pp. 902 lots, w/Pri. The complete Grinnell collection comprised 7 sales and one "cleanup" sale. Original copies with original PRLs are elusive. Bluestone's cataloguing of Grinnell sales was as superb as Mehl's prior Grinnell offering was disappointing. Important.

488. Bluestone, Barney. **97th CATALOGUE.** June 27-28, 1947. 75 pp. 2073 lots, Pri. Green CaC peripherally faded. Fine. (25.00)

An impressive offering of 125 bust halves with a Fine 1796 "16 star" (brought \$227.50) and a Fine 1797 (\$147.50) ~~also~~ **96th SALE 4/19/47.** 2012 lots w/Pri. Good numismat, colonials, cents, currency.

489. Christensen, Henry, Inc. **The JOHN M. WILLEM, JR. Trade Dollar Reference Collection, Sale 75.** September 5, 1980. 44 pp. 765 lots. 11 pls. (15.00)

While most are aware of Willem's standard reference on United States Trade dollars, few are aware of this offering of his reference collection: 91 lots (including 17 patterns) 37 of which are pictured on both sides.

490. Donlon, William P. **[THE DONLON CURRENCY COLLECTION] MAIL BID SALE AND REFERENCE COLLECTION.** MAY 22, 1971. 119 pp. 940 lots W/ Pri. IIIs. VF. (15.00)

A most important offering of the famous expert's own currency collection, which he catalogued. Autographed.

491. Fisher, Charles. **AUCTION SALE OF RARE COINS AND PAPER MONEY.** March 14, 1936. 55 pp. 1304 lots. IIIs. Better than Fine. (40.00)

"Largest lot of [Indian] Peace Medals offered since the Willson Sale in 1925." 17 illustrations of Indian peace medals. A most elusive sale, formerly underappreciated. A really nice copy.

492. Harmer-Rooke. **A MILLION DOLLAR SALE, PART I.** November 17-22, 1969. 217 pp. 4119 lots 22 plates. Fine. (15.00)

494. Hollinbeck-Kagin Coin Co. **QUARTER MILLENIUM SALE, Parts 1-6.** Small format, CaC. Ills. A small cover tear on Sale 2, otherwise all are at least Fine. (75.00)

All 6 parts are rarely (we can find no other offering) offered. H-K celebrated reaching their 250th sale by having 6 of them from June 29, 1963 to February 22, 1965. The 6 sales exceeded 13,000 lots in 427 pages. **Part 1.** 6/29/63. 234 lots of colonials, 71 important attributed half cents with the Newcomber 1796, 247 attributed large cents with 21 1793s, 4 gilt stellas. **Part 2.** 8/28/63. Good large currency. Neat stuff. Important.

495. Kreisberg, Abner and Jerry Cohen. **PUBLIC COIN AUCTION.** September 10-12, 1973. 150 pp. 2276 lots. 33 plates. Spine bruised, Fine. (10.00)

An excellent reference sale with excellent text material. Good colonials: NE Shilling. 19 bust dollars: an unc. 1794. 43 good bust half dollars. Good bust quarters: 1827 original. Well-provenanced large cents. Good half cents with 1796 with pole. A vastly underappreciated and most useful sale.

496. Merkin, Lester. **THE AL C. OVERTON REFERENCE COLLECTION OF BUST HALF DOLLAR VARIETIES.** June 14, 1974. 41 pp. 1074 lots, Prl. VF. (25.00)

Extremely elusive. The first 508 lots are Overton's "Overton" halves. Particular coins, plated in the standard reference, are indicated. Indispensable for the bust half nut. Also, inside are 170 attributed large cents.

497. NASCA. **THE WAYTE RAYMOND COLLECTION. Parts I-IV.** 4to. CaC. Fine & better. (40.00)

**Part I.** 12/5-8/77. 166 pp. 3714 lots. Ills. Plate supplement. Important Germanic, British, Commonwealth, and Russian. **Part IV.** 12/8/78. 100 pp. 1607 lots. 8 pls. Exceptional British, Commonwealth and Spanish. A nice set of a great modern sale.

498. Pacific Coast Auction Galleries. **NORTHERN CALIFORNIA MUMISMATIC ASSOCIATION SALE.** September 22-24, 1983. 137 pp. 2135 lots. 2 color plates with illustrations. VF. (15.00)

Kenneth Lee's [the author of the standard reference] collection of fractional gold: 284 lots. Also 50 additional lots of California gold. 17 lots of Japanese Obans and Kobans. Both varieties of Pan-Pac slugs.

499. Paramount. **THE CENTURY SALE.** April 30-May 1, 1965. 122 pp. 1928 lots. Ills. VF. (12.00)

80 important half cents with rarities and 24 (1) proofs. 100+ large cents with 1795 "Jefferson" head. 1802 half dime, 1894-S dime, 1876-CC 20c, 1817/4 half dollar, 1838-O half dollar. Jim Ruddy was a principal in Paramount at this time. Much good text.

500. Penn-New York Auction Company (Bowers and Ruddy). **AN AUCTION SALE OF RARE UNITED STATES COINS.** July 29, 1957. Small format, CaC. 31 pp. 955 lots. Ills. (50.00)

The first auction of Bowers and Ruddy and the only one under the Penn-New York name. Important. BUT there are two MAJOR defects. On page 4, lot 46 has been cut out affecting this, and an illustration of a proof 1846 half cent. Even worse, on page 7, lot 114 which illustrated an 1857 proof cent has been cut out, also eliminating lots 150-164 (Indian cents) on the other side. There is also a vertical fold bisecting the catalogue.

Offerings included 50 half cents, a pictured Jefferson head cent, 70 large cents, and 22 "gem" bust halves. This sought after, scarce catalogue would grade Fine if defect-free, probably bringing \$150.00. This is more than adequate as a space filler.

501. Peters, Jess. **Sale 100: The MISS H. E. ZAK Collection. The Story of Martin Luther and the Reformation.** September 28, 1979. 43 pp. 742 lots, Prl. 34 pls. VF. (20.00)

The most in-demand of all Peters' sales. A standard reference. 467 listings of Luther and Reformation coins, medals, and tokens, most illustrated on both sides. Also 372 listings of pertinent numislit, an unsurpassed bibliography.

502. RARCOA & NASCA. **CHICAGO INTERNATIONAL COIN FAIR.** March 19-21, 1982. 167 pp. 2231 lots. 42 page plate supplement also ills. VF. (12.00)

Important as a reference for world medals, 532 lots with extensive, useful indices. "This is the finest offering of world medals in an American auction in this century."

503. Rose, Frank (Toronto). **THE RENOWNED MC KAY - CLEMENTS NUMISMATIC COLLECTION.** May 13-16, 1976. Small format, CaC. 110 pp. 2550 lots. 36 pls. Nearly VF. (20.00)

Most important for the offering of the Canadian 1911 (the only other one is in the Royal mint collection) Dollar with 6 pages of text. Also 670 lots of attributed Breton tokens with significant rarities: Gloriam Regni issues, Bridge tokens, Repentigny tokens. The British Columbia \$10.00 and \$20.00 patterns. 400 important lots of Canadian currency. A scarce, important sale.

504. Schulman, Hans M.F. **Duplicates from the Collection of ... KING FAROUK and Coins from the Estate of the Late MR. MAX SCHULMAN of Amsterdam.** February 4, 1950. 44 pp. 1115 lots. Fine. (20.00)

"If it is true that a Great Man's aura passes onto the works of art once in his hands, then the present series of fine coins should indeed possess more than their numismatic interest." The Farouk consignment is primarily European crowns. The Schulman consignment is high quality ancient Greek, Roman, and Byzantine gold and silver. The last lot is a \$50.00 Wass Molitor round. Although certain lots list *Plate*, we are unaware of any plated copies. In our experience (well, that certainly carries a whole lot of weight), the scarcest by far of the post-war Schulman sales.

505. Schulman, Hans M.F. **The HOWARD D. GIBBS Collection of Counterstamped, Necessity, and Siege Coins....** 1960 & 1966. Covers Fine, contents better. (15.00)

Two of Schulman's Gibbs sales dealt specifically with counterstamped and siege coinage. (1). November 19, 1960, 13 plates: 66 lots of Bank of England oval and octagonal counterstamps (c/s), extensive gunmoney, and merchant c/s'ed 8 reales. (2). March 18-19, 1960, Prl. 44 plates. Catalogued by Gibbs: counterstamps of the Americas. Important references.

506. Schulman, Hans M.F. **THE THOMAS OLLIVE MABBOTT COLLECTION: Coins of the Greek and Roman World.** Two parts. 8vo. CaC. VF. (30.00)

**PART ONE:** C-S 1973. June 6-11, 1969. 148 pp. 3860 lots, Prl. 84 page plate supplement. "Contains an unusual number of varieties not found in the British Museum catalogues." Actually 3200 lots of Roman, emphasizing bronzes. One lot of 1600 pieces is the "world's most important collection of Ancient Lead Tesserae."

**PART TWO:** C-S 3679. October 27-29, 1969. 95 pp. 1478 (3861-5338, continued from Part One) lots. 32 plates. Roman Republic and Imperial, Byzantine, Vandal, Ostrogoth, and crusader coinage.

A most important collection formed by the editor of *Stack's Numismatic Review*, the distinguished 1943-1947 periodical. Infrequently available.

507. Stack's. **The W. EARL SPIES Collection of U. S. Silver Dollars 1794-1803.** December 9-10, 1974. 70 pp. 872 lots. Ills. (15.00)

236 bust dollars with over 230 varieties and sub-varieties. A vastly underrated sale of one of the most important collections of bust dollars. NOTE: Because of the ubiquitousness of Stack's sales, many of the most important are frankly, but unjustifiably ignored. This particularly elusive sale is a perfect example thereof.

508. Superior. **THE GILHOUSEN COLLECTION, PART III.** October 1-4, 1973. 140 pp. 1548 lots. 60 plates and Ills. VF. (15.00)

18 neat half cents. 34 neat large cents with text. 29 good trimes with text, for which it is difficult to find good auction references. 33 important Valentine half dimes with text. Extraordinary dimes from 1796 with text. 41 important bust quarters, an unusually good offering. 106 exceptional bust halves. Superb bust dollars: 3 1794s. 7 Gobrecht dollars. Important Seated Liberty dollars with text. An exceptional catalogue underappreciated for its wealth of offerings and its text.

509. Superior Galleries. **The HOAGY CARMICHAEL and WAYNE MILLER Collections.** January 27-28, 1986. 4to, white cloth, gilt. 318 pp. 3984 lots, Prl. 5 color plates, Ills, halftone frontises of Carmichael and Miller. Near Mint. (65.00)

**The Deluxe Hardbound Edition**, only 200 bound in this format. Miller's legendary Morgan dollar (1921 and 1922 Proofs are the only peace dollars offered) collection: 160 lots with "finest knowns", branch mint proofs, and super-prooflikes. 695 lots of impressive U.S. gold. Nice quality bust and seated coinage. Important.

510. Triple Cities Coin Club (NY). **E.S.N.A. 24th ANNUAL CONVENTION [PROGRAM].** May 18-20, 1962. 8vo, CaC. 26 pp. Ills. Glossy card covers slightly soiled, contents VF. (15.00)

For the collector of Bowers numiscellany ("Bowersiana"?), this Empire State Numismatic association convention is where Bowers and Ruddy held their only public auction under the firm name under Empire Coin Co. The actual auction catalogue is particularly elusive; the convention program is also. Cute.

## CONSIGNMENT EXPO

The Columbian Exposition and the 1933 Century of Progress Expo spawned an incredible number of collectibles including coins, tokens, medals, and the first elongateds. Also, issued in conjunction were a bunch of books, which have become collectible in their own right. By the merest coincidence, following are some particularly noteworthy ones.

559. Barrett, J.P. **ELECTRICITY AT THE COLUMBIAN EXPOSITION.** 1894. 8vo. 501 pp. Over 3 dozen pls. 2 inch scrape along bottom front of cover, else VF. (30.00)

Everything you ever wanted to know about electrical current, telegraphs, telephones, arc and incandescent lighting as it was known in 1893.

560. Century of Progress Administration. **OFFICIAL STORY & ENCYCLOPEDIA OF A CENTURY OF PROGRESS.** 1933. 4to. 226 pp. Many pls. and a map and a Firestone advertisement bound in. VF. (50.00)

This is the official guidebook of the Fair, and the binding indicates that this one was specially hardbound for one John Van Der Velde. Amongst all else, it lists all the exhibitors and concession holders. The front cover is a bookbinders masterpiece.

561. Mattill, H. **LIFE OF CHRISTOPHER COLUMBUS.** 1893. 12mo. 332 pp. Many illustrations. Cover worn at extremities, back cover separated from spine but intact, VG. (20.00)

This edition was written specifically for the Columbian Exposition and contains a chapter about the expo.

562. National Chemigraph Company. **PORTFOLIO OF VIEWS, THE WORLD'S COLUMBIAN EXPOSITION.** 1893. Oblong 8vo, card covers tied at spine like a photo album. 38 pp. 38 pls. VF. (25.00)

This is literally a photograph album containing 36 chemigraphs, which apparently was a new process for printing photographs. The front cover is charming and ornate.

563. Runyan, Georgie D. **400 YEARS IN AMERICA.** 1892. 12mo. 592 pp. Frontis, 15 color pls. Worn at spine, front cover discolored near top, else VG. (25.00)

Contains one chapter each on Republican & Democrat politics of the 1890's. Hmmm, I wonder if anything has changed?

564. State of New York. **NEW YORK AT THE WORLD'S COLUMBIAN EXPOSITION.** 1894. 8vo. 647 pp. Numerous pls. Spine lightly sunned, else VF. (40.00)

This book is verrrrry heavy, and contains a pocket at the back with a pull-out map of New York state showing the location of mineral deposits. The book detail the exhibits brought to the Expo by the State of New York. I'm impressed.

565. Truman, Maj. Ben C. **HISTORY OF THE WORLD'S FAIR.** 1893. 610 pp. 8vo. Profusely illustrated. Covers VG but sound, contents better. (50.00)

If you like allegory, you'll love the cover of this tome. It is non-prejudicial and covers the whole Fair as opposed to the caramel-coated Victorian braggadocio spread about by the individual exhibitors. For a general overview of the Fair, this is the book.
